

PLTW PBS NTI Assignment 4

- Find a *health/medicine* current events article to read. You can go to <https://www.sciencenewsforstudents.org/> or theweek.com to find an article. You also may go to a mainstream media website to find an article if you would like. It's up to you. Just read an article about news that occurred in the last 7 days.
- Read your article carefully. Read for understanding.
- Write 250 words or more in a three paragraph essay in response to the article.
- Write an introduction paragraph, body paragraph, and a conclusion paragraph.
- You can type your response if you would like, but you may turn in a handwritten response on loose-leaf paper.
- You may either summarize your article or argue your opinion on a view shared in your current event article.
- Write the following information on your assignment: Website from which you found the current events article, author's name (if given), title of the article.
- Be sure to put your name, date, and the NTI # at the top of your response.
- This assignment is worth 25 points.
- Rubric:
 - Your name, date, NTI# at top = 5 pts.
 - 250 or more words = 15 pts.
 - Three separate and distinct paragraphs = 5 pts.
