

Greek Roots Art Book Guidelines

Each page should have:

1. One Greek root written BIG
2. A picture that represents the *meaning* of the root
3. 5 words that use the root somewhere in the word. Underline each root.

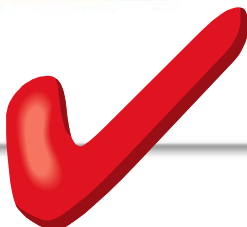

Remember:

- ** Do not write the definition of the root. You should be able to tell by the words and illustration what it means.
- ** Each Greek root is worth 20 points! Be careful!
