

Standardized Test Scores

NWEA MAP—Fall 2015

St. Augustine Cathedral School administers the **MAP (Measures of Academic Progress)** three times each year in grades K through 8. The MAP evaluates a student's academic performance in math, reading and language. The tests are tailored to a student's current achievement level and sets a goal for yearly growth for each student. The online administration allows for adjustments to the level of difficulty of the questions, making the test unique to each student. MAP results are used to identify students' areas of strength and areas to address. As well, the MAP allows teachers to target instruction to the whole class, or to small groups, based on the item analyses. The scale used by the MAP is the RIT scale (Rasch unIT). It is an interval scale used to chart a student's academic growth from year to year. The chart below shows St. Augustine Cathedral School's spring 2015 scores compared to national and diocesan norms.
