Student reporters in Mrs. Tuma's 5th grade class asked their peers this week what their thoughts were on the upcoming election. Many opinions were expressed. Here are some of the responses below from 5th graders.

- I would vote for Hillary Clinton because she seems brave and respectful.
 - I am nervous about Donald Trump coming into power because he might make us a target for violence from other countries.
 - I would vote for Trump because he wants to help with keeping our jobs in the country and not letting *illegal immigrants come to the US.*
