GOOD NEWS AT BRYANT ELEMENTARY

April 10-21, 2017

MSTEP started this week for 5th grade. They are working so hard. Keep up the great work.

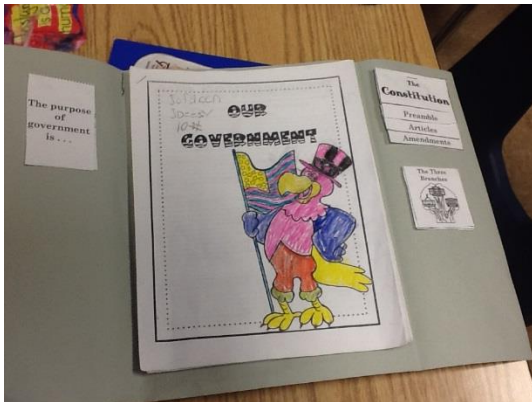

They love learning math facts! (Crandell)

Students are comparing and contrasting 2 different articles for Making Meaning. (Powell)

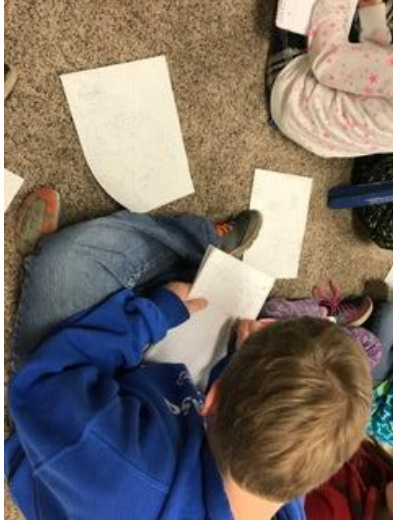

Students in 4th grade play the math game Decimal Top It. Students can even play this game at home with family and friends with a simple deck of cards. (Friend).

Fourth grade has been learning about government. As we study each section of government, we are making a "lapbook" to record what we have learned. (MacKay)

Students are analyzing a student copy of an informational writing piece to determine which components the writer included. (Powell)

Students are using a web and a t-chart to brainstorm and map out ideas for unit three of informational writing. (Powell)

In honor of Easter, students engineered Peep Mobiles. What a tasty treat to end the week (Nevadomski).

What will happen when we add vinegar to warm milk? Students had fun with this experiment making predictions of what it will be! Try it at home and you will know too! (Nevadomski)

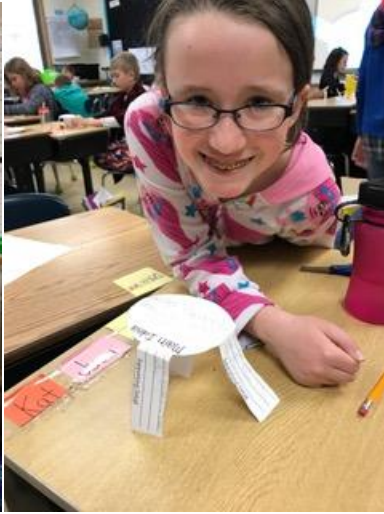

Engineering 3D shapes!! (McKeon)

We are so excited about our baby chicks! (Nevadomski)

Student council decorated the staff lounge where our Career Day guests will gather on Monday. Student council members will also escort Career Day guests to their designated classroom where presentations will inform all students on "Real Life" application of subjects. Student council members also made welcome signs for all put presenters. (Friend, Tuma)

Students are learning about Main idea and supporting details through Main Idea Bags. (Powell)
