NCAA Eligibility Center – Requirements for Division I and Division II Collegiate Athletics

The following primer is to be considered a general guide. Please refer to the online NCAA Eligibility Center for the most current information.

Academic Requirements – NCAA Eligibility Center contains a sliding scale that identifies minimum requirements that compare GPA, SAT, and ACT scores. For example, a higher GPA will allow for a lower ACT Sum score, etc.

Division I Core-Course Requirements – 4 years English, 3 years Math (Alg. 1 or higher), 2 years Science (natural/physical), 1 year additional Math or Science, 2 years Social Science, 4 years additional courses from above categories including foreign language. **16 Core-Courses are required.**

Division II Core-Course Requirements - 3 years English, 2 years Math (Alg. 1 or higher), 2 years Science (natural/physical), 2 years additional Math or Science, 2 years Social Science, 3 years additional courses from above categories including foreign language. **14 Core-Courses are required. In 2013, Division II requirements increase to 16 required Core-Courses (3 years additional English/Math/Science and 4 years additional core).**

What Should I Do? – My Plan

Grades 9 and 10 – Enroll in college preparatory courses, preferably one in each of the following areas: English, Math, Science, Social Studies, and Foreign Language. The student should compare course selections against the list of NCAA-approved courses with their counselor.

Grade 11 – [a] Student continues to take classes in areas listed above. [b] Student registers for the SAT and/or the ACT, making sure to use the code “9999” at registration so that scores are reported to the NCAA Eligibility Center. [c] Student Registers with the NCAA Eligibility Center and completes both the academic information and the amateurism questionnaire. [d] At the end of the student’s sixth semester, the student will request that the counselor send transcripts to the NCAA Eligibility Center.

Grade 12 – [a] Student continues to take classes in areas listed above. [b] Student registers for the SAT and/or ACT (if necessary) and uses code “9999” to report scores. [c] On or after April 1 of the senior year, student returns to the NCAA Eligibility Center to update their academic and amateurism information and request final amateurism certification. [d] After graduation, the student will request that the counselor send the student’s final transcript (which needs evidence and the date of graduation) to the NCAA Eligibility Center.

This process can begin at any time, but beginning the process as early as possible will help to avoid delays.

NCAA ELIGIBILITY CENTER QUICK REFERENCE GUIDE

Eligibility Center

Divisions I and II Initial-Eligibility Requirements

Core Courses

- **NCAA Division I requires 16 core courses. NCAA Division II currently requires 14 core courses.** Division II will require 16 core courses for students enrolling on or after August 1, 2013. See the charts below.
- **NCAA Division I will require 10 core courses** to be completed **prior to the seventh semester** (seven of the 10 must be a combination of English, math or natural or physical science that meet the distribution requirements below). These 10 courses become "locked in" at the seventh semester and cannot be retaken for grade improvement.
 - *Beginning August 1, 2016, it will be possible for a Division I college-bound student-athlete to still receive athletics aid and the ability to practice with the team if he or she fails to meet the 10 course requirement, but would not be able to compete.*

Test Scores

- **Division I** uses a sliding scale to match test scores and core grade-point averages (GPA). The sliding scale for those requirements is shown on Page No. 2 of this sheet.
- **Division II** requires a minimum SAT score of 820 or an ACT sum score of 68.
- The SAT score used for NCAA purposes includes **only** the critical reading and math sections. The writing section of the SAT is not used.
- The ACT score used for NCAA purposes is a **sum** of the following four sections: English, mathematics, reading and science.
- **When you register for the SAT or ACT, use the NCAA Eligibility Center code of 9999 to ensure all SAT and ACT scores are reported directly to the NCAA Eligibility Center from the testing agency. Test scores that appear on transcripts will not be used.**

Grade-Point Average

- **Be sure** to look at your high school's List of NCAA Courses on the NCAA Eligibility Center's website (www.eligibilitycenter.org). Only courses that appear on your school's List of NCAA Courses will be used in the calculation of the core GPA. Use the list as a guide.
- **Division I** students enrolling full time **before August 1, 2016**, should use Sliding Scale A to determine eligibility to receive athletics aid, practice and competition during the first year.
- **Division I** GPA required to receive **athletics aid and practice on or after August 1, 2016**, is 2.000 (corresponding test-score requirements are listed on Sliding Scale B on Page No. 2 of this sheet).
- **Division I** GPA required to be eligible for **competition on or after August 1, 2016**, is 2.300 (corresponding test-score requirements are listed on Sliding Scale B on Page No. 2 of this sheet).
- **The Division II** core GPA requirement is a minimum of 2.000.
- Remember, the NCAA GPA is calculated using NCAA core courses only.

DIVISION I 16 Core Courses

- 4 years of English.
- 3 years of mathematics (Algebra I or higher).
- 2 years of natural/physical science (1 year of lab if offered by high school).
- 1 year of additional English, mathematics or natural/physical science.
- 2 years of social science.
- 4 years of additional courses (from any area above, foreign language or comparative religion/philosophy).

DIVISION II 14 Core Courses

- 3 years of English.
- 2 years of mathematics (Algebra I or higher).
- 2 years of natural/physical science (1 year of lab if offered by high school).
- 2 years of additional English, mathematics or natural/physical science.
- 2 years of social science.
- 3 years of additional courses (from any area above, foreign language or comparative religion/philosophy).

DIVISION II 16 Core Courses (2013 and After)

- 3 years of English.
- 2 years of mathematics (Algebra I or higher).
- 2 years of natural/physical science (1 year of lab if offered by high school).
- 3 years of additional English, mathematics or natural/physical science.
- 2 years of social science.
- 4 years of additional courses (from any area above, foreign language or comparative religion/philosophy).

For more information, visit the NCAA Eligibility Center website at www.eligibilitycenter.org.

Checklist for College-Bound Student-Athletes

- Register at the beginning of your sophomore year at www.eligibilitycenter.org.
- Ask your high school counselor to send your transcript to the NCAA Eligibility Center at the end of your junior year.
- Take the ACT or SAT and use the code "9999" to have your official scores sent directly to the NCAA Eligibility Center.
- Check with your high school counselor to make sure you are on track to graduate on time with your class and have the required amount of core courses.
- Request final amateurism certification during your senior year (beginning April 1).
- Ask your high school counselor to submit your final transcript with proof of graduation.

Eligibility Center

Divisions I and II Initial-Eligibility Requirements

Core Courses

- NCAA Division I currently requires 16 core courses. NCAA Division II will require 16 core courses for students enrolling on or after August 1, 2013.
- Beginning August 1, 2016, NCAA Division I will require 10 core courses to be completed prior to the seventh semester (seven of the 10 core courses must be a combination of English, math or natural or physical science that meet the distribution requirements to the right). These 10 courses become “locked in” at the seventh semester and cannot be retaken for grade improvement.
- Beginning August 1, 2016, it will be possible for a Division I college-bound student-athlete to still receive athletics aid and the ability to practice with the team if he or she fails to meet the 10 course requirement. However, the student-athlete would not be able to compete.

Grade-Point Average

- Only courses that appear on your high school’s List of NCAA Courses will be used in the calculation of your core GPA. For a complete list of your school’s courses, follow the instructions on the right side of this brochure.
- Currently, Division I uses a Sliding Scale to match test scores and core GPAs. The Sliding Scale can be found on page No. 10 of the Guide for the College-Bound Student-Athlete found at www.eligibilitycenter.org.
- Division I GPA required to be eligible for competition on or after August 1, 2016, is 2.300.
- Division I GPA required to receive athletics aid and practice on or after August 1, 2016, is 2.000.
- The Division II core GPA requirement is a minimum of 2.000.

Test Scores

- Division I uses a sliding scale to match test scores and core grade-point averages (GPA).
- Division II requires a minimum SAT score of 820 or an ACT sum score of 68.
- The SAT score used for NCAA purposes includes only the critical reading and math sections. The writing section of the SAT is not used.
- The ACT score used for NCAA purposes is a sum of the following four sections: English, mathematics, reading and science.

To view the Division I Sliding Scale, visit www.eligibilitycenter.org and enter as an NCAA College-Bound Student-Athlete. Then, click the “Resources” tab, then “U.S. Students” and finally, “Eligibility Quick Reference Sheet”.

When you register for the SAT or ACT, use the NCAA Eligibility Center code of 9999 to ensure all SAT and ACT scores are reported directly to the NCAA Eligibility Center from the testing agency. Test scores that appear on transcripts will not be used.

For a Complete List of NCAA Courses
Visit www.eligibilitycenter.org and enter the site as an NCAA College-Bound Student-Athlete. Navigate to the “Resources” tab, click “U.S. Students” and then “List of NCAA Courses.” Follow the prompts to search for your high school’s list by name.

Division I (16 Core Courses)	Division II (*16 Core Courses)
4 years of English.	3 years of English.
3 years of mathematics (Algebra I or higher).	2 years of mathematics (Algebra I or higher).
2 years of natural/physical science (1 year of lab if offered by high school).	2 years of natural/physical science (1 year of lab if offered by high school).
1 year of additional English, mathematics or natural/physical science.	3 years of additional English, mathematics or natural/physical science.
2 years of social science.	2 years of social science.
4 years of additional courses (from any area above, foreign language or comparative religion/philosophy).	4 years of additional courses (from any area above, foreign language or comparative religion/philosophy).

*For students enrolling on or after August 1, 2013.
