

# Kelliher School District #36

P.O. Box 259  
Kelliher, MN 56650  
218-647-8286

## Pesticide Notification

A Minnesota state law went into effect in 2000 that requires schools to inform employees, students, and parents of scheduled pesticide applications. The estimated schedule of application is available for review by employees and parents in the school office.

State law also requires that employees and parents be informed that the long-term health effects on children due to the application of such pesticides, or the class of chemicals to which they belong, may not be fully understood.

For more information requiring the Kelliher School District #36 Integrated Pest Management program, including the pesticide application schedule, please call Tim Lutz at 647-8286, ext. 1304.

*Please note as of this date – the Kelliher School is pest free and no pesticide has been used.*

## Indoor Air Quality Notice

Kelliher School District #36 Indoor Air Quality Notice is proud to be taking a leadership role in providing a safe, comfortable and productive environment for our students and staff so that we achieve our core mission – educating students. Our school will follow the EPA guidance to improve our indoor air quality by preventing as many IAQ problems as possible, and by quickly responding to any IAQ problems that may arise. Good air quality requires an ongoing commitment by everyone in our school because each of us daily makes decisions and performs activities that affect the quality of the air we breathe.

School staff, students and parents can obtain checklists or self-help information so they can properly evaluate their child's home or other out of school situation by contacting the school. Staff and parents can also obtain information about school facility construction, maintenance and housekeeping practices, chemicals used, mold and HVAC related information, chemical producing academic subjects, and pesticide and herbicide applications to determine the extent to which school activities contribute to a child's symptoms by contacting the school.

The Kelliher School District #36 Indoor Air Quality contact person is Tim Lutz. If there are any questions regarding the school's IAQ Program, please feel free to call the school at 647-8286, ext. 1304.
