ASVAB TEST
11th-12th Grade ONLY
January 31, 2017

The ASVAB is a widely used multiple aptitude test battery. It assesses a student’s ability to learn new skills and is a predictor of success in training and education programs. While it is most commonly known as a military entrance exam, that is not the only purpose it serves. Students who take the test will receive results that help them explore interests and help make career decisions. HHS requests that the armed services NOT contact our students after the ASVAB; however, any student interested in talking further with a representative can contact the local recruiters for the desired branch of the services.

Test scores are valid for two years. Your results will be sent to HHS and will be given to you once they arrive. They are NOT released to recruiters—if you want recruiter to have your score, parent must sign below giving me permission to release. You must wait at least 30 days before you can take the ASVAB again.

If interested in taking the ASVAB, please completely fill out the form below and get a parent to sign indicating their permission for you to be out of class to take the test during school. Test date is January 31, 2017*. The test takes approximately 3 hours. Students must be at school by 7:35 a.m. You will not be admitted to testing late. Report to first block and wait to be called. Late arrival/vo-tech students will report to cafeteria and remain there until test time. Vo-tech students will need to sign in for attendance purposes. Be sure to eat breakfast before coming to school on test day. LAST DAY to sign up is January 26, 2017. The form/permission slip below must be returned by the last day to sign up.
