Prior consent of the parent or eligible student is required when the school releases such information to other schools (including teachers), officials of another school district in which the student seeks to enroll, or other federal, state and educational agencies as enumerated in FERPA. The schools in the district will, upon occasion, use/publish personally identifiable information including honor rolls, school annuals, athletic rosters, class rolls and school sponsored club and activity rosters. Parents who wish their children to be excluded from this practice must advise, in writing, the principal of the school no later than 14 days after the students enrollment or receipt of this notice whichever is later. Appeals regarding the decisions of school principals regarding educational records may be made to the Superintendent of Desoto County Schools or designee.

FERPA affords parents and students over 18 years of age ("eligible students") certain rights with respect to the students' educational records. These rights are:

1. The right to inspect and review the student's educational records within 45 days of the day the school district receives a request for access. Parents or eligible students should submit to the superintendent or designee a written request that identifies the record(s) they wish to inspect. The Superintendent or designee will make arrangements for the access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The rights to request the amendment of the student's educational records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible student may ask the district to amend a record that they believe is inaccurate or misleading. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally of personally identifiable information contained in the student's educational records, except to the extent that FERPA authorizes disclosure without consent.
