What is Twitter?

- An online social networking service that enables it users to send and read text-based characters, informally known as “tweets.”
- Created in 2006
- 313 million active users recorded monthly

How Twitter Works

- @LMSPATRIOTS -By placing the @ symbol in front of a username, you can tag another user in your Tweet.
- @reply-By starting your Tweet with @username, you can reply publicly to a single user.
- Direct message (DM)A private message can be sent directly to a user on Twitter who is already following you.
- Follower-A follower is someone who follows you on Twitter and sees your updates on his home feed (Your home timeline displays a stream of Tweets from accounts you have chosen to follow on Twitter).

- Retweet (RT)-This is a way for someone to share a Tweet from another user’s account.
- Hashtag-Using the # symbol in front of any word or phrase tags your Tweets. When someone clicks that hashtag, he/she sees your Tweet along with everyone else’s Tweets using that same term.

@LMSPats
@TeamDCS

- A username is how you're identified on Twitter, and is always preceded immediately by the @ symbol. For instance, Katy Perry is @katyperry.
- When tweeting, one is limited to 140 characters.
