

## ENGLISH II TERMINOLOGY AND VOCABULARY REVIEW

The following online quizzes review the meaning of terms needed for the English II EOC. All can be accessed online, preferably with a laptop or computer. The games vary in format: matching, identifying examples, defining, etc.

### Rhetoric Review

Some of these review games also include terms used in AP courses which we did not cover in class. Do not be concerned if a few terms are unfamiliar; focus on reviewing those concepts we covered and take the opportunity to learn something new!
