# To Set up Binders at home (before classes start):

Each student will be required to keep a binder in **both** of their classrooms.

4<sup>th</sup> grade students can and should work to develop good organizational skills in order to be successful in the classroom. It is NOT too early! At the end of each unit (roughly three times per quarter), a comprehensive, open-binder **Binder Quiz** may be given. This covers everything in the binder and is a measure of accountability for the students. Parents should encourage students to "clean out" their binder at the end of the nine weeks and put the information in a "safe place" - where they won't lose it - because they'll need it for an end of the semester **Binder Quiz**.
