A Message from the Principal

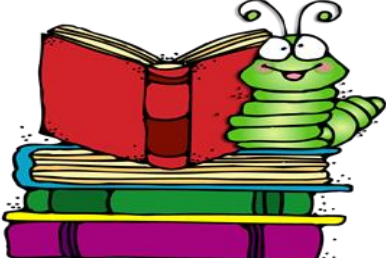

Greetings Parents, Students, and the Community,

This is the time of the year where the sun begins to shine brighter, flowers bloom, and our shining stars tend to want to let it all glow. However, this is also the time when we need our stars to focus more and aim high to score proficient or advanced on our state assessment. I am asking for your support in or efforts to move DHMS to a level of success. We cannot do it alone. We are striving for academic success. Together, we can achieve academic success!

You did it! Congratulations
