Counselor's Message

Dear Parents and Guardians,

We look forward to meeting you and your student(s) and to helping your student(s) succeed to meet their own personal goals for this school year and beyond.

Our school will now offer counseling services as an additional resource to help your student succeed in their academic goals, as well as support social and emotional growth throughout the school year. Counseling sessions in a school setting are typically short-term in nature and focus on solutions to help your child succeed in all areas of their development.

Please call the counseling office if you have ANY questions or concerns. We are thrilled to be working with your students and hope to meet all the families that make Gentry High School and SCCSD such a wonderful community.

Educationally Yours,
Lora Dean, Counselor
