Breast Cancer Awareness

From the Principal's Desk

Hello Parents,

We need for all our students to take advantage of every opportunity to be successful. That means coming to school everyday, and being punctual for every class. Students must take advantage of the intervention classes that we offer during the day through our Extended Learning Time (ELT) Program, and they must take advantage of the after-school tutoring as well. Students must make full use of our credit recovery program, ACT practice program, both of which are available 24 hours a day. The expectation is that all students score minimum of 85% on all assessments, a minimum of 23 on the ACT, and a score of proficient or advance on all state tests. Gentry is providing the opportunities, but we need your help ensuring that our children take full advantage of them.

Thank you for all of your support.,
Mr. Willie Bolton, Principal
