Principal's Message:

Greetings, parents and community members! As our students prepare to complete final portion of the state assessment, I would like for each of you to help us encourage the children to focus, take the assessment seriously, and put forth their best efforts. The teachers have worked extremely hard to prepare the students for the assessment, and I hope that all of their hard work pays off. As always, I would like to thank each and everyone one of you for your support in our efforts to assure your child's academic success. This has been both an exciting and challenging school year; but, through it all, we continue to hope for the best!

Thanks for all that you have done!

Principal
