Keeping You Informed

March 2017

February is a month set aside for the History of African Americans. There are many perspicacious people who have fought so hard for the rights we are graced with today. Without these people, we wouldn't have the opportunities that we experience. It's very important for us to know our History and the many obstacles we have overcome! Also, it is a month of love whereby we celebrate Valentine's Day. "Love is patient, love is kind," but most importantly we are love and should show it to one another.

Counselor's Corner

We are continuing to implement our Schoolwide expectations at MMS. We want our students to "Be Safe", "Be Responsible", and "Be Respectful". Parents, we need your support in helping to teach those expectations to our students. Our Character Ed word for the month is justice. **Justice means exercising fairness, justness, open-mindedness, impartially, and morality in regards to people and situations.**
