Message from the Principal

We have completed the first semester of the school year. Our students have completed their MOY assessments and we are proud of the hard work from our students and teachers. Our level of expectations is not taken lightly. We are constantly looking for new and innovative ways to motivate our students.

Parents continue to take an active role in your child (ren) education. This will be another great and successful school year.

The only place success come before work is in the dictionary.
