Parents,

I appreciate all of your efforts in helping us to educate your children. Education is a partnership between home and school and we must work together in order to be successful. We are now in our third nine weeks and assessments have been completed and analyzed. Interventions and teaching strategies have been put in place to assure that our students who have not met benchmark goals meet them. I want to encourage each of you to send your children to school every day and on time. Learning can't take place if students are not at school.

Great things are going on at RCHS and our doors are always open to be of assistance to you. Thank you for allowing us to teach your children.
