Watson

*To ensure that students and staff are  
effective users of ideas and information.*

### What we can do for you:

- help obtain appropriate information resources within and beyond the school level such as interlibrary loan.
- Provide assistance with technology, i.e. smartboards, cps, etc.
- Collaborate with teachers to help design and implement information based learning activities. A google calendar is online for sign up times.
- Model and promote effective uses of technology for teaching and learning.
- Collaborate to integrate information literacy practices throughout learning.
- Provide lessons on::
  - Search strategies
  - Electronic databases
  - Presentation software
  - Copyright
