

EOG Information

Grade 6

ELA Standards Grade 6-8

Standard	Grade 6	Grade 7	Grade 8
Reading for Literature	32–36%	34–38%	31–35%
Reading for Information	41–45%	41–45%	42–46%
Writing	NA	NA	NA
Speaking and Listening	NA	NA	NA
Language	21–25%	19–23%	20–24%
Total	100%	100%	100%

Reading Literature

- ▶ determine theme
- ▶ cite textual evidence
- ▶ create inferences
- ▶ determine the meaning of words or phrases using context clues
- ▶ describe how plot unfolds and how the characters respond or change the plot
- ▶ point of view
- ▶ compare and contrast texts

Reading for Information

- cite textual evidence
- determine central idea
- analyze a key event or idea
- determine meaning of words using context clues
- analyze how a sentence, paragraph, or section fits into the overall structure and contributes to the development of ideas

Language

- ▶ use pronouns correctly
- ▶ use correct punctuation, spelling, and capitalization
- ▶ determine meaning of unknown and multiple-meaning words
- ▶ interpret figures of speech
- ▶ distinguish between connotation and denotation

Sample Question

What does the author mean by saying the old woman “tried to hobble up a narrow path”?

- A) The old woman was walking carefully.
- B) The old woman was enjoying walking.
- C) The old woman was walking briskly.
- D) The old woman was having difficulty walking.

Math Standards Grade 6-8

Domain	Grade 6	Grade 7	Grade 8
Ratios and Proportional Relationships	12–17%	22–27%	NA
The Number System	27–32%	7–12%	2–7%
Expressions and Equations	27–32%	22–27%	27–32%
Functions	NA	NA	22–27%
Geometry	12–17%	22–27%	20–25%
Statistics and Probability	7–12%	12–17%	15–20%
Total	100%	100%	100%

A dark blue arrow points to the right from the left edge of the slide. Below it, several thin, curved lines in shades of blue and grey sweep across the left side of the slide.

Ratios and Proportional Relationships

- ▶ use tables to compare ratios
- ▶ solve unit rate problems
- ▶ find the percentage of a quantity
- ▶ use ratios to convert measurement units

A decorative graphic on the left side of the slide. It features a dark grey arrow pointing to the right at the top. Below the arrow, several thin, curved lines in shades of blue and grey sweep upwards and to the right, creating a dynamic, abstract background element.

The Number System

- ▶ divide fractions
- ▶ add, subtract, multiply, and divide decimals
- ▶ find the greatest common factor
- ▶ locate numbers on a number line
- ▶ write and interpret inequalities
- ▶ absolute value
- ▶ find the distance between points on the coordinate plane

A decorative graphic on the left side of the slide. It features a dark grey arrow pointing to the right at the top. Below the arrow, several thin, curved lines in shades of blue and grey sweep upwards and to the right, creating a sense of movement and design.

Expressions and Equations

- ▶ exponents
- ▶ write expressions from verbal descriptions and for real-world problems
- ▶ evaluate expressions
- ▶ use the distributive property
- ▶ write inequalities for real-world problems

A decorative graphic on the left side of the slide. It features a dark blue vertical bar on the far left. A black arrow points to the right from the top of this bar. Several thin, curved lines in shades of blue and grey sweep upwards and to the right from the bottom left corner, crossing the arrow and extending towards the text area.

Geometry

- ▶ area of triangles, quadrilaterals, and polygons formed by triangles and quadrilaterals
- ▶ volume of rectangular prisms
- ▶ draw polygons on the coordinate plane
- ▶ use nets to find the surface area of rectangular and triangular prisms

A decorative graphic on the left side of the slide. It features a dark blue vertical bar on the far left. A black arrow points to the right from the top of this bar. Several thin, light blue lines curve upwards and to the right, overlapping the arrow and extending towards the text area.

Statistics and Probability

- ▶ display data in box plots, histograms, and dot plots
- ▶ measures of center (mean, median)
- ▶ measures of variability (interquartile range or Mean Absolute Deviation)

A decorative graphic on the left side of the slide. It features a dark blue vertical bar at the top left, a black arrow pointing right, and several thin, curved lines in shades of blue and grey that sweep across the page.

Sample Question

A rectangular parking lot has an area of $\frac{2}{3}$ of a square kilometer. The width is $\frac{1}{2}$ of a kilometer. What is the length, in kilometers, of the parking lot?

A) $\frac{1}{3}$

B) $\frac{2}{3}$

C) $1\frac{1}{3}$

D) $1\frac{2}{3}$
