ONSLOW
 COUNTY
 SCHOOLS

Superintendent
 Rick Stout

On 1/10/18, our Health Education teachers will begin a unit on Interpersonal Communications,
(DATE)

including issues related to the male and female reproductive systems, in accordance with the *North Carolina Standard Course of Study for Middle School Health*. Specific standards and clarifying objectives are provided at the end of this document.

Family Life Education centers upon the family as the key unit and irreplaceable foundation of society. The Family Life Education policy of the Onslow County School System is to "clearly articulate, through qualified teachers and appropriate personnel, using directive teaching methods, a curriculum that is abstinence-based, family centered, and age-appropriate."

It will also benefit the quality and longevity of the lives of our children by reaching the "whole" student through parental involvement, factual information, critical thinking, skills development, and motivation to make healthy, responsible choices. Instructional materials for this unit are available for review in the school media center.

All parents/guardians are asked to complete the form below and return it by 1/8/18 to your child's teacher. Any student who does not receive instruction in Family Life Education will receive alternative assignments and be fully responsible for completing them.

Sincerely,

Principal

Date _____
