

Positive Behavior Intervention and Support

A major initiative at Jacksonville Commons Middle School is Positive Behavior Intervention and Support which includes proactive strategies for defining, supporting, and teaching appropriate behaviors to create positive learning environments. As a school we have developed expectations and rules which are displayed in our KNIGHTS Core Expectations Matrix. Students are recognized for positively displaying our Guidelines for *Success* through the use of Knights CORE cards.

Each quarter there will be a school-wide celebration to recognize students for exemplary behavior.

Goal: The campus of Jacksonville Commons Middle School will be a safe and orderly environment where people interact with courtesy and respect.

Guidelines for Success

- **Be Cooperative**
- **Be Orderly**
- **Be Responsible**
- **Be Efficient**

Positive Behavior Intervention and Support Student Training
