

White Oak High School Club Summary/Application

School policy requires that a teacher, staff member or student interested in forming a club must first submit a club summary/application. The application will be reviewed within the first 10 days of school by the School Leadership Team. All school clubs must have a sponsor in order to operate.

Items to Consider:

- Clubs should work to protect instructional time. To the extent possible, field trips and other activities should take place outside of instructional hours.
- While Viking Valor may occasionally be used to meet, AA should not be utilized for club activities.
- The intent and mission of the club should correspond to those of the school.
- Parent/guardian signatures are required to give general permission for children to be involved in an approved WOHS club. Advisors will keep parents informed of student enrollment. Conferences/field trips will require additional parental authorization.
- Club advisors will be given access to a club page on the WOHS website. Club information, contact information and the calendar should be updated regularly.
