

I have read the Eclipse 2017 letter from Mr. Johnson and understand that students at Platteview Central will be viewing the total solar eclipse from the Koehler farm south of Tecumseh on August 21, 2017. I also understand that viewing the eclipse can pose safety risks associated with the eyes if proper eyewear is not worn during viewing. I understand that Platteview Central WILL PROVIDE safe viewing glasses for my student that are expected to be worn at all times when viewing the sun or the eclipse of the sun. If my student does not attend the field trip, I understand that he/she will not come to school on that day and the absence will be excused. I understand that Platteview Central will not provide additional supervision for students who do not attend the field trip.

With this understanding, my student, _____,

Print Student Name

_____ **MAY ATTEND** the ECLIPSE VIEWING FIELD TRIP

Initial Above

_____ **WILL NOT ATTEND** the ECLIPSE VIEWING FIELD TRIP
