

BOX TOPS FOR EDUCATION

Looking for an easy way to help your school?

Box Tops For Education makes it so easy to earn money for NHS! Last year we earned almost a thousand dollars for NHS and we want to beat last years submissions and earn even more this year!

This is my third year as coordinator and I sometimes hear things like " I don't buy those products" or "I don't buy that type of food"

I urge you to PLEASE look at the product list this year.

Box Tops For Education has added even more products to their list and added even easier ways to add up the dollars!

Box Tops labels are not only on food, I think this a common misconception. There are many products you may use in and around your home as well.

Please "clip and save" if you're not doing so already and for those of you who continue to do so THANK YOU!

**ALL SUBMISSIONS MUST BE IN BY IN BY
OCTOBER 27th TO MAKE THE FIRST DEADLINE!!!**

The money is out there, BTFE is writing the checks, let's take advantage of this AMAZING program, our children are the beneficiaries! All earnings go directly to PAL which in turn uses that money for trips and programs that help enrich our children.
