

Rewards Programs

The Coordinator oversees and promotes Box Tops, Hannaford and Target rewards programs.

Box Tops

Box Tops website <http://www.boxtops4education.com> has a coordinator's log in with NHS's information and updates. The Box Tops Coordinator Kit is also a helpful guide. Submission dates are usually at the end of October and February. Box Tops collection bins are located in the lobby at school and at the North Hampton library. You bundle Box Tops in groups of 50 and secure with a rubber band or put them in a clear sandwich bag then fill out an online submission form. When finished the online submission, download and print the paper submission form to send with your Box Tops package.

The Box Top coordinator kit gives you monthly themed collection sheets (bats at Halloween, snowmen in January, etc.) which are great to use in Friday folders. In years past we have made a competition between the odd and even grades for the year's totals.

Hannaford

From September to December the Hannaford Helps School program allows schools to earn money by purchasing participating products at Hannaford to earn money for your school. "School dollars" are printed on your receipt and deposited into collection towers at Hannaford. The North Hampton School

coordinator needs to make sure we are still registered with Hannaford in the fall through the website: <http://www.hannaford.com/content.jsp?pageName=HHS&leftNavArea=AboutLeftNav> and also make sure the collection tower is designated for NHS and set up at the local Hannaford in Hampton. Also you need to promote it through the school so parents know to leave their qualifying receipts at the collection tower. Hannaford provides a handout to distribute in Friday folders. This year we used community email to promote the program as well.
