

Policy

CONDUCT/DISCIPLINE

The board believes that an effective instructional program requires an orderly school environment and that the effectiveness of the educational program is, in part, reflected in the behavior of pupils.

The board of education expects pupils to conduct themselves in keeping with their level of maturity, with a proper regard for the rights and welfare of other pupils, for school personnel, for the educational purpose underlying all school activities, and for the care of school facilities and equipment.

The board of education believes that standards of pupil behavior must be set cooperatively by interaction among the pupils, parents/guardians, staff and community, producing an atmosphere that encourages pupils to grow in self-discipline. Such an atmosphere must include respect for self and others, as well as for district and community property.

This board policy shall be aligned with the board approved code of student conduct which establishes standards, policies and procedures for positive student development and student behavioral expectations on school grounds, including on a school bus or at school sponsored functions. The chief school administrator has the right and authority to impose a consequence on a student for conduct away from school grounds that is consistent with the board's approved code of student conduct, pursuant to N.J.A.C. 6A:16-7.1 and N.J.A.C. 6A:16-7.6.

This authority shall be exercised only when it is reasonably necessary for the student's physical or emotional safety, security and well-being or for reasons relating to the safety, security and well-being of other students, staff or school grounds, pursuant to N.J.S.A. 18A:25-2 and 18A:37-2, and when the conduct which is the subject of the proposed consequence materially and substantially interferes with the requirements of appropriate discipline in the operation of the school. The board shall direct development of detailed regulations suited to the age level of the pupils and the physical facilities of the individual schools.

Board policy requires each pupil of this district to adhere to the rules and regulations established by the administration and to submit to such disciplinary measures as are appropriately assigned for infraction of those rules. The chief school administrator shall provide to pupils and their parents/guardians the rules of this district regarding pupil conduct and the sanctions that may be imposed for breach of those rules. Provisions shall be made for informing parents/guardians whose primary language is other than English.

The standards and procedures to implement this policy shall be aligned with the board approved code of student conduct and accepted board approved core ethical values. Policies, standards and procedures shall be based on parent, student and community involvement which represents, where possible, the composition of the schools and community, in accordance with N.J.A.C. 6A:16-7.1.

Pupils are required to conform to reasonable standards of socially acceptable behavior; respect the person, property and rights of others; obey constituted authority and respond to those who hold that authority.

The chief school administrator shall establish the degree of order necessary to the educational program in which pupils are engaged.

CONDUCT/DISCIPLINE (continued)

This policy shall be reviewed annually and updated along with the code of student conduct. This process shall include:

- A. Parent, student and community involvement which represents, where possible, the composition of the schools and community;
- B. Consideration of the findings of the annual reports of student conduct, suspensions and expulsions; and incidences reported under the Electronic Violence and Vandalism Reporting System.

The chief school administrator shall annually:

- A. Disseminate the code of student conduct to all staff, students and parents;
- B. Report on the implementation of the code of student conduct to the board of a education at a public meeting in accordance with N.J.A.C. 6A:16-7.1(a) 5, i-iv
- C. Report to the New Jersey Department of Education on student conduct, including all student suspension and expulsion and incidences reported under the Electronic Violence and Vandalism Reporting System.

Pupils who display chronic behavioral or academic problems may be referred to the child study team by the chief school administrator for an evaluation to determine disability or the need for other services. Such referrals shall be in strict accordance with the due process regulations prescribed by the administrative code. Pupils so identified shall be provided with appropriate programs and services as prescribed by the child study team.

A pupil whose presence poses a continuing danger to persons or property, or an ongoing threat of disrupting the academic process, may be suspended in accordance with N.J.A.C. 6A:16-7.1 and N.J.A.C. 6A:16-7.3 or expulsion in accordance with N.J.A.C. 6A:16-7.5, following due process. However, one incident alone is not sufficient cause for an expulsion.

Any pupil who commits an assault (as defined by N.J.S.A. 2C:12-1) upon a board member, teacher, administrator or other employee of the board of education shall be suspended from school immediately according to procedural due process, and suspension in accordance with N.J.A.C. 6A:16-7.1 and N.J.A.C. 6A:16-7.3 or expulsion in accordance with N.J.A.C. 6A:16-7.5. However, one incident alone is not sufficient cause for an expulsion. Proceedings shall begin no later than 30 calendar days from the date of the pupil's suspension.

Substance Abuse

In accordance with statute and code, penalties shall be assigned for use, possession and distribution of proscribed substances and drug paraphernalia. The penalties shall be graded according to the severity of the offense in accordance with policy 5131.6 Substance Abuse. Infractions shall be reported to the local law enforcement agency in accordance with the district's memorandum of agreement. Confidentiality shall be protected in accordance with federal and state law.

Weapons Offenses

Any pupil who is convicted or adjudicated delinquent for possession of a firearm or a crime while armed with a firearm or found knowingly in possession of a firearm on any school property or on a school bus or at a school-sponsored function shall be immediately removed from the school's regular education

CONDUCT/DISCIPLINE (continued)

program for a period of not less than one calendar year.

The chief school administrator may modify this suspension on a case-by-case basis. Each pupil so removed shall be placed in an alternative educational program or on home instruction pending alternative education program placement and shall be entitled to a hearing before the board. The hearing shall take place no later than 30 days following the day the pupil is removed from the regular education program and shall be closed to the public.

The principal shall be responsible for the removal of such students and shall immediately report them to the chief school administrator. The principal shall also notify the appropriate law enforcement agency of a possible violation of the New Jersey Code of Criminal Justice.

The chief school administrator shall determine at the end of the year whether the student is prepared to return to the regular education program, in accordance with N.J.A.C. 6A:16-5.5(i).

Teaching staff members and other employees of this board having authority over pupils shall take such lawful means as may be necessary to control the disorderly conduct of pupils in all situations and in all places where such pupils are within the jurisdiction of this board.

Harassment, Intimidation or Bullying

The board expects all pupils to treat each other with civility and respect and not to engage in behavior that is disruptive or violent. This type of behavior interferes with a pupil's ability to learn and a school's ability to educate its pupils in a safe environment. Therefore, the school district will not tolerate acts of harassment, intimidation or bullying.

The board prohibits acts of harassment, intimidation or bullying against any pupil.

"Harassment, intimidation or bullying" is defined as any gesture, any written, verbal or physical act, or any electronic communication that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, gender, a mental, physical or sensory disability, sexual orientation, gender identity or expression, national origin or ancestry, or by any other distinguishing characteristic, that takes place on school grounds, at any school-sponsored function or on a school bus and that:

- A. A reasonable person should know, under the circumstances, will have the effect of harming a pupil or damaging the pupil's property, or placing a pupil in reasonable fear of harm to his/her person or damage to his/her property; or
- B. Has the effect of insulting or demeaning any pupil or group of pupils in such a way as to cause substantial disruption in, or substantial interference with, the orderly operation of the school.

"Electronic communication" means a communication that is transmitted by means of an electronic device, including, but not limited to a telephone, cellular phone, computer, or pager, that takes place on school grounds, at any school-sponsored function or on a school bus.

Consequences and Remedial Measures for Acts of Harassment, Intimidation or Bullying Pupils

Consequences and remedial measures for a pupil who commits an act of harassment, intimidation or bullying shall be varied and graded according to the nature of the behavior, the developmental age of the student and the student's history of problem behaviors and performance. - B. The program that is being provided meets the pupil's needs.

Support for Victims of Harassment, Intimidation or Bullying

Support must be provided for the victims of harassment, intimidation or bullying. The response should provide relief to the victim and not stigmatize them or further their sense of persecution. The type, diversity, location and degree of support will be directly related to the student's perception of safety. Sufficient safety measures should be undertaken to ensure the victim's physical and social-emotional well-being and their ability to learn in a safe, controlled educational environment.

The chief school administrator, principal and/or their designee shall be responsible for receiving complaints alleging violations of this policy.

Reports of harassment, intimidation or bullying in any form, including but not limited to, oral reports, written reports or electronic reports shall be taken. Reports shall also be made to the Department of Education through the Electronic Violence and Vandalism Reporting System (EVVRS). The board shall allow reports to be anonymous, but no formal disciplinary action shall be based solely on an anonymous report.

Other acts may be so serious or parts of a larger pattern of harassment, intimidation or bullying that they require a response either at the classroom, school building or school district levels or by law enforcement officials. In considering whether a response beyond the individual is appropriate, the administrator shall consider the nature and circumstances of the act, the degree of harm, the nature and severity of the behavior, past incidences or past or continuing patterns of behavior, and the context in which the alleged incident(s) occurred. Institutional (i.e., classroom; school building; school district) responses include:

N.J.S.A. 18A:37-15 requires policy prohibiting harassment, intimidation or bullying on school property, at a school-sponsored function or on a school bus.

P.L. 2007, c.129 requires the mandated school district policy on harassment, intimidation and bullying to be amended to include "electronic communication". It amends N.J.S.A. 18A:37-15 by including electronic communication in the definition of "harassment, intimidation or bullying"

N.J.S.A. 18A:37-15.2 requires that districts make the policy prohibiting harassment, intimidation or bullying available on the district's website, and notify students and parents that the policy is available on the district's website.(P.L. 2007, C. 303)

N.J.S.A. 18A:40A-10 requires policy statement providing for discipline of pupils who are substance abusers.

N.J.S.A. 18A:40A-11 requires policies and procedures for discipline of pupils involved in incidents of possession or abuse of substances on school property or at school functions.

N.J.A.C. 6A:16-1.4(a)16 requires policies that provide for the development and implementation of a code of student conduct. Required elements of the code are listed at N.J.A.C. 6A:16-7.1

Other Reasons:

Districts are reminded that they must develop a Code of Student Conduct in accordance with N.J.A.C. 6A:16-7.1. This policy shall be aligned with and not replace the district’s Code of Student Conduct. The weight of court and commissioner decisions, added to the possibly damaging consequences to the district of a lack of clear policy, makes it a critical policy topic for behavior other than substance abuse or weapons possession.

N.J.S.A. 2A:4A-60 allows the principal to request information from law enforcement authorities on a juvenile charged with an offense, including the identity of the juvenile, the offense charged and the adjudication and disposition of the case. Law enforcement or the prosecuting agency must inform the principal under all circumstances enumerated in the statute. N.J.A.C. 6A:16-1.4(a)19 and N.J.A.C. 6A:16-5.4 requires policy on maintaining confidentiality during these proceedings.

No Child Left Behind requires the state to establish statewide policy requiring that a student who is attending a “persistently dangerous” elementary or secondary school or who becomes a “victim of a violent criminal offense” be allowed to attend a “safe” school within the district, including a charter school. The SDOE is coordinating efforts to establish such a policy that would include definitions of pertinent terms.
