Pathways Learning Contract
 2018-19

Pathways is a Distance Education Alternative School which provides an opportunity to students who wish to pursue their education utilizing a non-traditional forum. All coursework is done online using the A+ Learning System.

Physical presence at the Pathways campus is **not** required to complete classwork nor to be counted “present” for attendance accounting purposes. Students have access to teachers and can receive all assistance needed off-site using the “Connector” feature of the A+ Learning System.

Completing lessons on time and making sufficient progress in an individual Plan of Study ensures a student is counted “present” for attendance and also earns the course credit required for promotion and graduation.

For students wishing to do their A+ work onsite at the Pathways campus rather than working remotely, all school rules must be followed at all times. Failure to follow school rules will result in students **not** being allowed to physically attend class at the Pathways campus and instead *do all work remotely*.
