Helping narrow the digital divide one household at a time.

Dear Superintendent,

Student learning shouldn't end when the bell rings. Learning should be supported everywhere. The Access from AT&T program helps families narrow the divide by bringing low-cost home internet access to qualifying households.

Access from AT&T offers home wireline Internet access service at a low, discounted rate to households with at least one resident who participates in the Supplemental Nutritional Assistance Program (SNAP). In California only, Supplemental Security Income (SSI) recipients also may qualify.

There is **NO** term commitment, **NO** deposit, **NO** installation fee and **NO** charge for an in-home Wi-Fi® capable modem.

You can find more details at att.com/access.

We hope you'll share this program information with students and their families. Please consider:

- Including a flyer from our partner portal (see the attachment) in National School Lunch Program (NSLP) communications
- Adding a link to Access from AT&T (att.com/access) on your school or district website
