Reset a student's password  Register another student  Create a student's account	When registering a student, you do not have to enter an email; however, your child cannot reset his/her forgotten password without an email.

Additional Tips
Creating an Account
1. User names must be letters and numbers and 6 to 50 characters. You cannot change your user name once you register.
2. Registration keys are provided by your child's school district and are not case sensitive.
3. Passwords must contain 1 letter, 1 number, and 8 to 50 characters, are case sensitive, and cannot match user name.
Accessing an Account
1. If you forget your user name or password, click Can't access your account?
2. For security purposes, if you are unsuccessful after 10 attempts to log in to your account, the system automatically locks your account for 10 minutes.
3. If the school district locks a student's account and the student tries to log in, the student receives a message stating that his/her account is locked. If a parent tries to log in, the student's icon is disabled, and hover tip displays stating the account is locked.
4. If the school district disables your account and you try to log in, a message appears on the Login screen stating your account is disabled.
