- “ Pair of slightly worn/used/old socks that are clean
- “ Optional-3 Dividers for binder
- “ Optional- 1 ream of copy machine paper

Ø We will need 2 liter plastic pop bottles with lids for a science project. If you use 2 L bottles please rinse them out and send them to school.

Ø Students will wear goggles whenever glass, chemicals or fire is used. The school provides goggles for the students to share. If your child would like their own pair you may purchase some (must meet ANSI Z87+ standards) or they may order some through me. The cost is \$9.00.
