Introduction and Welcome

Welcome to Kingfisher High School. This handbook was constructed with help from the High School Faculty and Staff, the High School and the Student Advisory Council, The policies within this book are based on Kingfisher School Board Policy, Oklahoma Educational Statutes, Oklahoma School Law, Federal Case Law, and Federal Statutes. These sets of policies are the adopted policies of the Kingfisher School Board. These policies are applied equally to each student.

There are times when some eventualities are not specifically covered under the handbook. At that time it is the responsibility of the administrator in charge to interpret school policy and apply discipline when it is necessary. These policies are designed to give a fair and impartial discipline policy, attendance policy, and grading policy to each student. This ensures a fair and equal education under the law.

District Mission Statement

The Kingfisher Public School System is established for and committed to providing all children and youth an education which encourages them to enter, engage, express, and explore academic and social experiences from which they shall be empowered to experience a fulfilling, satisfying, and successful life and be prepared to enter their life's vocation and/or pursue post high school educational opportunities.

SCHEDULE CHANGES

Schedules will not be changed after the first week of school, except in extreme cases.

All changes must meet with the approval of the principal and will be made through the counselor's office. Vocational classes are offered through Chisholm Trail Technology Center for Juniors and Seniors. Students may not withdraw from Tech classes after the first week of school.

Attendance

Schools are required by state law to keep accurate records of attendance and the reasons for absences. Students should not miss school except for illness, doctor or dental appointment, funeral, court, or an emergency. **Students will not be excused from school once they arrive unless a parent contacts the school or picks up the student.** By state law, students must be counted absent for any reason other than missing for school activities. Students absent without a valid excuse four or more days or parts of days within a four-week period, or ten or more days or parts of days within a semester shall have the parent or guardian notified. The absences shall also be reported to the district attorney in the county wherein the school is located for juvenile proceedings pursuant to Title 10 of the Oklahoma Statutes. (S.L.O. 232; 70-10-106)

Local board attendance policies have the force and effect of law. The attendance officer makes the determination of an excused or unexcused absence. (S.L.O. 233; 70-10-108)

Unexcused absence reporting procedure:

1. 4 days (or parts of days) within 4 week period; or 10 days (or parts of days) within a semester then;
2. Oral and documented or written warning to the last known address of parent, guardian or custodian that attendance of such child is required at some public, private or other school;
3. 5 days report such absences to the district attorney if parent, guardian or custodian does not comply. (Misdemeanor)

Absences

1. A student who misses school for any reason other than a school-sponsored activity must be excused by the student's parent either in person or by telephone. Notes will not be accepted for excuses.
2. If the parents know ahead of time that their student will be absent, they should call the school and report the absence.
3. The parent must call and clear a student who comes to school but needs to leave during the school day. Students must check out through the office prior to leaving for the day.
4. A student returning to school during the day must be cleared through the Principal's office.
5. If the parent does not contact the school within 1 week of an absence the student will be classified as truant.
6. Attendance reports will be run every day. Students that are lacking an excuse or do not have a doctor's note on file will be notified of this lack of documentation. The student and parents will have until the end of the semester to rectify the documentation. At that time the record of the school will become

Absences and Grades

Students missing more than 10% of their class time will not receive a passing grade for that class (Max. 9 days). Attendance will be based on each semester. Students that miss more than nine days, whom are passing by grades, will receive no credit and a non-passing grade for each class that the student is over the maximum limit of absences. The student will also be strongly encouraged to appeal to the absentee review committee. **Funerals and Doctor/Dentist appointments will count as an additional nine days. However, a student's attendance must meet the state's minimum requirements of eighteen days (80% attendance). If students go over the 18-day maximum requirement no credit for that class will be issued.**

Students who miss 10 minutes or more of a class period will be counted absent for that period. A student must be in attendance at least ninety percent of the school term to participate in athletic contests or other school activities. For unexcused absences no make up work will be allowed. Students with excused absences will have the same number of days absent to make up their work regardless of deadline (OSSAA Policy). When long-term deadlines are placed and the student is on an activity absence, that item will be due the day the student returns. An absence is excused when the student's parent has given permission to be absent, or the student is involved in a school activity.

Students who seek to enroll late in a semester when attendance cannot equal 90% of the semester must have a valid reason for late enrollment. If the principal determines the reason justifies late enrollment the student may enroll subject to an 80% attendance requirement.

Any student absent from school without parent permission shall be considered truant and dealt with according to district policy and state law. Absences from school because the student is participating in a school-sponsored activity shall be limited to **10 days per school year**. According to the Oklahoma Secondary School Activities Association (OSSAA) qualifying events rule, state or national level competition is exempt from the 10-day policy per semester.

DAILY SCHEDULE

The school day will consist of seven scheduled periods of classroom work of 50 minutes each with five minutes allowed for class changes. All students must take seven classes. School will assemble at 8:00AM; students will eat lunch one of two periods in the cafeteria (commons area: Seniors only). The last scheduled class period will be dismissed at 3:05PM.

ENCORE

Encore is a tutoring session with the teacher whose class that student needs extra assistance in. Students who are failing a class will be required to attend Encore on Wednesday of each week. If a student is failing multiple classes that student will attend Encore in the class in which he/she has the closest core class grade to passing. Teachers may choose to use Encore for make-up work as well as a form of discipline. Those students who are not failing a class will have open campus lunch during the time of Encore.

LOST OR DAMAGED BOOKS

Textbooks are furnished in all subjects at no charge. If a book is lost or damaged beyond normal wear, the student is required to pay the full purchase price for the book. The student to whom the book is checked out is responsible for the care of that book.

The use of the telephone at Kingfisher High School is a privilege. No student will be called from class for a phone call unless it is an emergency. No student will be allowed to make a long distance call without permission from the office, and such calls must be charged to his/her home number. Phone messages, calls, etc. shall be done between classes or at the discretion of school personnel unless in case of an emergency. Students will have access to the phone during emergencies, before school, during lunch, and after school. Students will be expected to show respect to the school staff by asking if they may use the phone. Any one who abuses this privilege will lose it.

Lockers

Lockers are assigned during enrollment. All lockers are equipped with combination locks, which are changed yearly to insure security for student property. Lockers are to be kept locked at all times. There will be no locker changes during the school year without special permission by the principal or counselor. Any changes made without permission will result in Level 1 discipline. School lockers are the property of the school and are loaned without charge to the students. These lockers are subject to inspection at any time (70 O.S. 24-102; S.L.O. 489)

HOMECOMINGS

For the wrestling homecoming, a queen will be elected by the wrestling team.

Mini-floats may be constructed for each homecoming. Coronations are at designated home events.

A student may hold only one king or queen position during the school year.

PARTIES

Classes and organizations are not permitted to have parties during school hours. All dances and other recreational activities involving the student body will be regulated by the school. Unless otherwise stated, any school-sponsored event is open only to KHS students and their dates. Students will be required to follow school policies while attending these events.

CLASS ORGANIZATION

Officers of the various classes will be elected by secret ballot following a filing period. The Student Council supervises elections of class officers. A student may hold the office of president only once during the school year. Candidates for the class offices, royalty, and cheerleaders must have been enrolled in the Kingfisher Schools at least one semester prior to election.

Behavior Code

All student behaviors in the Kingfisher Schools are based on respect and consideration for the rights of others. Students have a responsibility to know and respect the rules and regulations of the school. Students have the further responsibility to behave in a manner consistent with good citizenship everywhere.

It is our belief that the home, school and church need to encourage young people to be law-abiding, productive citizens. When students fail to exhibit proper behavior, our goal is to see that the consequences are efficient, sensible and fair.

We have one basic rule of conduct. We desire that all students accept the responsibility of self-discipline. Students are to conduct themselves as young ladies and gentlemen at all times.

When a student demonstrates that they can't conduct themselves in a positive manner and infringes upon the rights of others to enjoy the freedom of self-discipline, the student must face the consequences of disciplinary action. Such alternatives as detention, corporal punishment, Saturday School, In-School Detention (ISD) and suspension are available for those students who find it difficult to conform to school policies.

Unacceptable Student Behavior

Level 1 Behaviors

1. Students are expected to follow the posted rules in each classroom. This shows respect to both the teacher and fellow classmates. We expect that each day will be a positive learning experience for our students. A well disciplined, well ordered classroom is essential for a good learning environment.
2. The use of vulgarity in written or verbal form is strictly prohibited.
3. Public displays of affection are not acceptable at school (intimate behavior).
4. Tardies are accumulative per 9-Weeks/per class. Tardy reports will run each week and will be administered by the attendance officer and the assistant principal. Each student that has 3 tardies in a class will receive a phone call home by the attendance officer notifying parents of the situation. On the 4th Tardy students will serve afterschool detention. Continuing tardy offenses will result in higher levels of discipline.

5. Cell phone/ electronic device policies will be maintained per class. Each teacher will provide a cell phone/electronic devices policy for their own class (which the administration will approve and uphold). Phones will be permitted and can be used between classes, before school, during lunch, and after school.
6. Students may not bring opened outside drinks into the school building.
7. Continuing a Level 1 Behavior will move that behavior into a higher Level of behavior.

Level 2 Behaviors

1. Disrespect or failure to follow the direction of any staff member is not acceptable behavior.
2. Failure to report to a class without a valid excuse is not appropriate behavior. According to state law failure to appear for four nonconsecutive periods within a month (4 weeks) can result in a letter to the District Attorney's Office.
3. Failure to serve detention or report for disciplinary action will result in a student serving that punishment plus the added disciplinary action such as added detentions or Saturday School.
4. Deliberate misinformation or refusal to provide information to a staff member may result in a Level 2 Behavior.
5. Cheating and/or plagiarizing on assignments or exams may be treated as a Level 2 offense. Teachers may have the option to give additional work or no credit for the assignment or exam.
6. Misbehavior on buses will be treated as a Level 2 offense.
7. Continuing a Level 2 Behavior will move that behavior into a higher Level of behavior.

Level 3 Behaviors

1. Harassment of a verbal, electronic, or physical nature against either the school or another person will be taken seriously and dealt with accordingly. Harassment may include sexual harassment, racial harassment, intimidation, verbal harassment, electronic, or actual physical intimidation.
2. Bullying of a verbal, electronic, or physical nature against either the school or another person will be taken seriously and dealt with accordingly. This follows state law as well as Kingfisher School Board Policy.
3. Truancy (absence without a parent's knowledge) will be treated as a Level 3 Behavior. This follows state law as well as Kingfisher School Board Policy.
4. Hazing or initiation rituals are strictly forbidden according to Oklahoma Statutes.
5. Any form of physical contact between individuals such as wrestling, shoving, pushing, or physically intimidating another student is not acceptable. Pulling on another's clothing to cause pain or injury is also not acceptable.

6. Injuring another's property is not acceptable.
7. Stealing, breaking into lockers, or any other such action to try and get someone else's property will not be tolerated.*
8. Continuing a Level 3 Behavior will move that behavior into a higher Level of behavior.

Level 4 Behaviors

1. Lewd behavior or sexual harassment will result in quick and decisive action to stop any such behavior.*
2. Assault and battery of any type will not be tolerated. The use of a weapon in this type of act will aggravate the conditions of the assault.
3. The bringing of any form of weapon to school will be evaluated by the administration. According to Oklahoma State Law there are certain categories of weapons that require immediate suspension for two semesters.
4. Threats of death or any other type of harm must be considered serious. As a school, it is important that we not put the interests of one student above the safety of our school population. The threatening student will, at the least, be removed from the normal school environment. If a threat of physical harm is made towards a faculty member or student, the threatened party will be notified of the impending threat.*
5. Gang behavior will not be tolerated in any form. Group harassment, intimidation, threats, or assaults of individuals will be dealt with harshly.*
6. A student shall not knowingly possess, use, transmit, be under the influence of, or show evidence of having used any narcotic drug, hallucinogenic, drug, amphetamine, barbiturate, marijuana, alcoholic beverage, intoxicant, tobacco, other controlled substances, drug paraphernalia of any kind while in anyway connected with the school during regular hours, school activities, or going to and from school.
7. Harassment or threatening physical violence will be considered as automatic Level 4 Behavior. (S.L.O. 826; 21-1190)
8. Fighting in any shape or fashion is not acceptable. *

Fighting

Fighting is defined as striking another in any manner. Consideration may be given if a student was attacked. This does not mean that there will be no discipline administered. Students that strike another student, no matter what the cause of the confrontation, are guilty of fighting. Striking someone else because the student was hit first is not sufficient grounds to constitute self-defense. The following actions, not necessarily in this order, will be taken after an exchange of blows:

- a) The students will be taken to the principal's office.
- b) The principal will interview each student and record a verbal account of the actions of each student.

- c) A written account of the actions of each person involved will be compiled by a discussion with the teacher(s) that witnessed the incident. The teacher will write up an incident report and turn it in to the principal. The teacher's account will weigh most heavily in handing out discipline.
- d) The students will write out, in their own handwriting and away from other students, their account of what happened. This, along with the account given by the teacher, will be the account used by the principal. Due to problems in the past with students changing their story by the time they get home this will be the official story that is used for discipline.
- e) The parents of each student involved will be contacted. The parents will be contacted after sufficient information is gathered to relate the incident to the parent in an accurate manner.
- f) Discipline measures will be given to the student(s) once the administrator has determined enough investigation has been done to have an understanding of the situation and actions of students involved in the fight.
- g) If a student is guilty of fighting that student may be turned over to the police due to disturbance of the peace.

*The school may report such incidences of criminal behavior to the proper authorities. This includes law enforcement, Juvenile Services, Department of Human Services, and any other appropriate agency.

Consequences for Behaviors

Level 1 Discipline Step: Morning detention (which includes Grounds cleanup), After School detention [which includes (but is not limited to...) Grounds cleanup], Mandatory Encore.

Level 2 Discipline Step: In School Detention, or Corporal Punishment.

Level 3 Discipline Step: In School Detention, Corporal Punishment, or Suspension.

Level 4 Discipline Step: Prolonged In School Detention, or Suspension.

Explanation of Behavior Consequences

1. **Detention** may be held before or after school. Students that are assigned to detention have the responsibility of informing their parent of the discipline and bringing the appropriate discipline form back to the office for the school's records. The parent of the student must sign the detention form. Students are required to report to detention by 7:30 a.m. or 3:10 p.m. Failure to appear for detention will result in ISD.

2. **Grounds Duty** is held after school. Students are required to police the school grounds and clean desks. This discipline is served for 45 minutes after school.
3. **Saturday School** may be held each Saturday morning. Students are required to report from 8:00AM until 11:00AM and **be on time**. If a student misses or is late to Saturday School additional consequences will be assessed. Students will be required to attend the full time of Saturday school when assigned.
4. **In School Detention (ISD)** is held in a room on campus. Students are required to appear for ISD at 8:00 a.m. The students are then released at 3:15 p.m. Students eat lunch in the ISD room. Students are given two bathroom breaks during the day. Students are expected to work during their time in ISD and are not allowed to sleep. Student work is returned to the school by the ISD supervisor. Any scheduled tests/quizzes must be made up on the student's time. Students may be required to sign a contract along with their parents. Students that are in ISD are not eligible to participate in **any** extracurricular activity or attend any after school function. ISD cannot be appealed.
5. **Corporal Punishment** is administered by the school's principal or assistant principal. Corporal punishment is given for continued behaviors and as a last means of discipline prior to suspension. Parents will be contacted by phone prior to this and/or a signed permission may also be required. Students that are assigned corporal punishment and choose not to accept it will be suspended for a minimum of two days. This suspension can be lifted if the student will receive the corporal punishment. The teacher that sent the student to the principal will witness the corporal punishment.
6. **Suspension** is the removal of the student from school.

Students who are suspended out-of-school by school administration are ineligible for extra-curricular activities including Graduation exercises and ceremonies, Senior Recognition Night, etc., or any other after school activity. They must also take all semester tests. Diploma shall be mailed to suspended students when all educational requirements have been successfully met. The following provisions shall apply to students who are suspended out-of-school and who are guilty of any suspendable offense barring a student who is suspended for possession of a dangerous weapon or a controlled dangerous substance, as defined in the Uniform Controlled Dangerous Substances Act. The school administration shall provide the student with an education plan

designed for the eventual reintegration of the student into school that provides only for the core units in which the student is enrolled. Scheduled tests/quizzes are to be made up on the student's time. A copy of the education plan shall also be provided to the student's parent or guardian. Although KHS chooses to provide the suspended student with his/her education during the time of suspension, it is important to note that a majority of the educational responsibility rests on the shoulders of the suspended student and his/her parent/guardian.

Appealing Suspensions

A student may appeal a **Short-term suspension**, an out-of-school suspension of ten (10) days or less, to the Kingfisher High School Faculty Suspension Committee. The parents of the student will have two days from the receipt of notification of suspension to appeal the suspension. Decisions of the Appeals Committee will be final.

A student who has been assigned a **Long-term suspension**, an out-of-school suspension of more than ten (10) days, may request a review of the suspension with the administration of the district. The parents of the student will have two days from the receipt of notification of suspension to request a review of the suspension with the administration of the district. It is board policy that students under long term suspension may not participate in extra curricular activities in any manner.

During the appeal process, the student will be placed in either ISD or on Short-term suspension. The student must appear before the hearing officer to appeal a suspension (SB 0452 which amends 70 O.S. 2001, Section 24-101.3 Out of School Suspensions: this authorizes district boards of Education to appoint hearing officers to conduct certain hearing for out of school suspensions and render final decisions). Decision of the Kingfisher Board of Education's hearing officer is final. Students are guaranteed Due Process Rights in all suspension cases (S.L.O. 488.2; 70-24-101.3) (S.B. 0495).

All discipline is totally at the option of the administrator. The failure of a student to serve a discipline will result in the student receiving a harsher discipline, in addition to serving the original discipline. The discipline form will be mailed the parents of the student and should be returned, signed, for the school's records. Phone contact may be made on all levels of discipline. **An administrator may place any unspecified problems that arise during the school year on the appropriate level of discipline.**

C. Threats of Death or Any Other Type of Harm

As a school, it is important that we not put the interests of one individual above the safety of our school population. The threatening student will, at the least, be removed from the normal school environment. If a threat of physical harm is made towards a faculty member or student, the threatened party will be notified of the impending threat.

G. Repeated School Violations

A student shall not repeatedly fail to comply with school district policies, or school rules, or with the directions of teachers, student teachers, substitute teachers, teacher aides, principals, or other authorized school personnel during any period of time when the student is properly under the authority of school personnel.

Sending a Student Home

The principal shall attempt to reach parents or legal guardians to inform them of the school's and the student's actions and to request that the parents come to the school for their child. If parents are unable to come for the child, the school will provide transportation if a parent is at home. If a parent is not at home the student will be held at the office until arrangements can be made for the student. If the penalty is severe enough that the student is held out of class the student will not be allowed to ride the bus home. **In every case, the student may be released only to a parent or guardian. The student may be released to another adult only after consultation and approval from the parent and the principal. This rule is for the safety of the student and protection of the school environment.**

Kingfisher High School Exemption Policy

Absence/Exemption Guidelines

The teachers at Kingfisher High School have developed a plan that they feel will help deter students from being absent. The following is a design of exemption as a reward for those students who strive to keep their attendance in good order.

1. Each student will be exempt from semester tests for any class in which that student has earned a grade of "C" or above and has not missed more than four days (excluding school activities).
2. Three tardies in any class equal one unexcused absence in that class. Teachers are responsible during the semester for keeping individual records and entering data into grading program appropriately when students are tardy. Teacher-created tardies will not count.
3. Exemptions are calculated for each class individually, (i.e. a student may be exempt from some classes and not from others).
4. The necessary "C" or above grade is an average of the two nine weeks grades that semester.
5. A student may elect to take a semester test even if they are exempt.
6. Each teacher will give a comprehensive Mid Term test.
7. Any ISD assignment or Out-of-School Suspension will require a student to take semester tests.

Transfer Policy

Applications for transfer will be open from January 1 until June 1. Applications will be judged on a first-come first-serve basis. Written application shall be made by the student's parent(s) and filed with the superintendent of the district. A separate application must be filed for each student wishing to attend the district. For the purposes of the Education Open Transfer Act, the term "parent" means the parent of the student or person having legal custody of the student. The application must include a physical address of the student, post office box number may be added, but will not be accepted without physical address.

By June 1, the superintendent will notify the resident school district that a student enrolled in the resident school district has filed an application for transfer. The Board of Education shall vote to approve or deny the transfer no later than the first board meeting in June. Transfer applications shall be reviewed in executive session by the Board of Education in order to protect the confidentiality of student records. However, the vote to approve or deny the application for transfer shall take place in open session. The district shall accept or deny a transfer based on ethnicity, national origin, gender, income level, disabling condition, proficiency in the English language, measure of achievement, aptitude, or athletic ability. All transfer applications will be approved or denied subject to the following criteria:

1. Availability of Programs. No programs will be added to accommodate students wishing to transfer into the school district.
2. Staffing Availability. If accepting the transfer will require the addition of personnel, the transfer application will be denied.
3. Space Limitations. All classes and programs will be closed to transfers when they reach 80% of total capacity to allow for growth generated by new residents.
4. Disciplinary Record of the applicant. (A) Students who have exhibited no discipline problems the previous and current year school year, that is, no suspensions or disciplinary referrals; and (B) Students who have exhibited good attendance, that is, a minimum of 90% attendance in the previous and current school year. Discipline records of students transferring to this school will be required as part of the student's records. It shall be within the discretion of the board of education based upon the student's disciplinary records, as to whether a transfer will be approved or denied.

On or before June 15, the superintendent shall file a copy of a list of students granted transfer showing the resident school district and grade level of all students granted transfer with the State Board of Education and each resident school district.

A student granted a transfer may continue to attend school in this district unless the transfer is subsequently disapproved. Notice of such disapproval shall be given on or before April 1, provided the student shall be entitled to continue attending school in this district until the end of the school year.

Emergency Transfers

On an adequate showing of emergency, the superintendent may make and order a transfer, subject to approval by the State Board of Education. An emergency shall include only:

- The total failure of transportation facilities: or,
- The concurrence of both the sending and receiving school districts.

General Information

A child who has reached the age of four (4) on or before September 1 of the school year, and resides in a district that does not offer an early childhood program may be granted a transfer into the district provided the physical facilities and teaching personnel can accommodate the child. The district may also refuse to accept the nonresident child if the district determines the child is not ready for an early childhood education program.

A child whose family relocates from the school district may continue attendance to the end of the current school year provided the student began the school year in the school district.

Students transferring to the district between school years shall be admitted to the next higher grade upon meeting entrance requirements and showing evidence of having completed the preceding grade. Students transferring from private, non-accredited schools shall be tested and placed accordingly.

No student shall be permitted to transfer more than once in any school year.

Students must complete the following number of credits at each level to be considered in the next level of classification:

Freshmen	5 credits
Sophomores	11 credits
Juniors	17 credits

Any parent, guardian, person, or institution having care and custody of a child who pays *ad valorem* tax on real property in this district, but does not reside in this district; may, with approval of the board of education, enroll the child in this district and receive a credit on the nonresident tuition fee equal to the amount of the *advalorem* tax paid for school district purposes provided the credit shall not exceed the total amount required for the tuition payment.

Title I Parent Involvement

The Kingfisher Board of Education endorses the parent involvement goals of Title I and encourages participation by parents of Title I eligible children in all aspects of the program. The education of children is viewed as a cooperative effort among the parents, schools and community. In this policy, the word parent also includes guardians and other family members involved in supervising the child's education.

Pursuant to federal law, the district will develop jointly with, agree on with, and distribute to parents of children participating in the Title I program a written parent involvement policy. A meeting of parents of participating Title I students will be held annually to explain the goals and purposes of Title I programs. Parents will be given the opportunity to participate in the design, development, operation, and evaluation of the program for the next school year and to participate in planning activities, to offer suggestions, and to ask questions regarding policies and programs. Parents will be encouraged to attend the meeting and to become involved.

In addition to the required annual meeting, at least three additional parent meetings shall be held, at various times of the day and/or evenings, for parents of children participating in Title programs. Notices will be sent to the parents and articles will appear in the local newspaper advising parents and interested persons of the meetings. These meetings shall be used to provide parents with:

1. Information about programs provided under Title I;
2. A description and explanation of the curriculum in use, the forms of academic assessment used to measure student progress, and the proficiency levels students are expected to meet;
3. Opportunities to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children; and
4. The opportunity to bring parent comments, if they are dissatisfied with the school's Title I program, to the district level.

Title I funding, if sufficient, may be used to facilitate parent attendance at meetings through payment of transportation and childcare costs.

The parents of children identified to participate in Title I programs shall receive from the school principal and Title I staff an explanation of the reasons supporting each child's selection for the program, a set of objectives to be addressed, and a description of the services to be provided. Parents will be advised of their children's progress on a regular basis. Opportunities will be provided for the parents to meet with the classroom and Title I teachers to discuss their children's progress. Parents will also receive information and training that will assist them in helping their children at home and at school.

Each school in the district receiving Title I funds shall jointly develop with parents of the children served in the program a "School-Parent Compact" outlining the manner in which parents, school staff, and students share the responsibility for improved student academic achievement in meeting state standards. The compact shall:

1. Describe the school's responsibilities to provide high-quality curriculum and instruction in a supportive and effective learning environment enabling children in the Title I program to meet the state's academic achievement standard;
2. Indicate the ways in which each parent will be responsible for supporting their children's learning, such as monitoring attendance, homework, completion, monitoring television watching, volunteering in the classroom, and participating, as appropriate, in decisions related to their children's education and positive use of extracurricular time; and
3. Address the importance of parent-teacher communication on an on-going basis, with at minimum, parent-teacher conferences, frequent reports to parents, and reasonable access to staff.

In order to achieve the level of Title I parent involvement desired by the board of education policy on this topic, these regulations guide the development of each school's annual plan designed to foster a cooperative effort among the parents, school and community.

Guidelines

Parent Involvement activities developed at each school will include opportunities for:

Volunteering, parent education, home support children's education, and parent participation decision making

The school will provide opportunities for professional development and resources for staff and parent/community regarding effective parent involvement practices.

Roles and Responsibilities:

1. **Parents:** It is the responsibility of the parent to actively communicate with school staff, be aware of rules and regulations of the school, take an active role in their child's education by reinforcing at home the skills and the knowledge the student has learned at school; utilize opportunities for participation in school activities.
2. **Staff:** It is the responsibility of the staff to develop and implement a school plan for parent involvement, promote and encourage parent involvement activities, effectively and actively communicate with all parents about skills, knowledge, and attributes students are learning in school and suggestions for reinforcement; send information to parents of Title I children in a format and to extent practicable in a language the parents can understand.
3. **Community:** Community members who volunteer in the school have the responsibility to be aware of rules and regulations of the school, utilize opportunities for participation in school activities
4. **Administration:** It is the responsibility of the administration to facilitate and implement the Title I Parent Involvement policy and plan, provide training and space for parent involvement activities, provide resources to support successful parent involvement practices, provide in-service education to staff regarding the value and use of parents and how to communicate with and work with parents as equal partners, send information to parents of Title I children in a format and , to the extent practicable, in a language the parents can understand.

Conclusion

This handbook was written with the help of the High School Staff, and Student Advisory Board. The policies within this book are based on Kingfisher School Board Policy, Oklahoma School Law, Federal Statutes, and Federal and State Case Law. This set of standards and policies are the policies adopted by the Kingfisher Board of Education. The policies and standards within this book are equally applied to each student.

Even though most eventualities are addressed within this set of standards and procedures, there are times when unexpected problems occur. In these cases, it is the responsibility of the principal or the administrator that is dealing with the problem to decide on a just and reasonable application and interpretation of the policies and procedures of Kingfisher Schools. At no time will any student be denied due process rights.
