

**Mr. Gehly Lesson Plans**  
**September 28 - October 2**

**MONDAY**

**Media Production (Periods 1, 3-5, 7)**

Media 1

Topic: Shot Types Project

Activity: Students will record 7-8 seconds of each shot type. After recording students will edit a sequence that includes a 5 second Jumpback under a name title, 5 seconds of each shot, transitions, consistent titles identifying each shot, and royalty-free music.

Assignment: Shot Types Project due Tuesday

Media 2-4

Topic: Magic Act Project

Activity: Students will develop videos that utilize key-framing, chroma key and other special effects to create a magical performance.

When necessary, students will work on news packages. News Packages must be completed by the end of the first nine weeks and in a timely manner after the event.

Assignment: Magic Act is due Thursday, October 1

**Special Effects (Period 6)**

Topic: Stop Motion Animation

Activity: Students will develop storyboards for the Stop Motion Animation project.

**Innovation and Design (Period 8)**

Topic: Introduction to Adobe Illustrator

Activity: Students will work through a tutorial designed to introduce key features of Adobe Illustrator. Ultimately, students will create an advertisement for a pizza shop.

**TUESDAY**
