DISSEMINATION OF RESULTS

Describe how the school will provide individual student academic assessment results in a language the parents can understand, including an interpretation of those results, to the parents of a child who participates in the academic assessments required by Section 1111 (b)(3) of the law.

The school will disseminate the results on individual student assessments and PASS. Teachers will explain the results of these assessments to the parents of students PreK-8 during parent/teacher conference days. If the parent or guardian is unable to attend the conference, an attempt will be made to contact the parent by telephone or letter to reschedule the conference. The state school report card will be disseminated annually and interpreted for parents, as prescribed by state and district guidelines to all parents. These results will be discussed at PTA and School Improvement Council meetings. Implications of the results are reviewed and special attention is given to the federal requirements of meeting annual yearly progress. Interpreters will be utilized as needed so that parents and guardians will be able to understand the results in their native language.
