

BOOK Club

The purpose of this book club is to read and enjoy intelligent conversation. So, if you love books, and you're ready to discuss them... you're in the right place!

The main point of the Book Club is for high school students to enjoy popular books for teens with their peers.

One of the secondary goals of this club is to participate in the South Carolina Young Adult Book Award voting process. Students who read at least 3 books from the current list get to help pick the young adult book of the year for the state of South Carolina.

Please review the rules and guidelines below:

- ✓ I understand that what happens in Book Club stays in Book Club
- ✓ I plan to read the book selection by next club meeting (usually two weeks)
- ✓ I will return the book
- ✓ If there is anything in the book selection that I find objectionable or inappropriate, I know that I can stop reading and return the book at any time without jeopardizing my status as a Book Club member.
- ✓ I will respect the opinions of others, though I also reserve the right to disagree
- ✓ I will keep on topic, but feel free to introduce information that is relevant to the discussion (historical facts, bio details, book background, related authors or topics).

By signing below I signify that I am a member of the Andrews High School Book Club and agree to the Book Club rules and guidelines*.
