■ **2015 North-South All-Star Baseball Games**

Congratulations to Coach Clemons who has been selected to coach in the 2015 North-South All-Star Baseball Games June 11-13, 2015. He will be coaching the South AA and AAA teams.

The release of the 2014 State Report Card on Friday, November 14, has once again proven that Georgetown County School District is one of the highest achieving districts in the state.

GCSD is one of only seven of the state's 83 districts to earn an "Excellent" Absolute Rating and an "Excellent" Growth Rating, and GCSD is the only district in South Carolina to register an improved Growth Rating in each of the past three years. Also, this is the third consecutive "Excellent" Absolute Rating for GCSD.

Superintendent Dr. Randy Dozier said the great report card is a reason for many people to celebrate. "Achieving Excellent/Excellent is a tremendous accomplishment by Georgetown County School District which only happened because of the hard work by many groups," said Dozier. "Students, parents, teachers, support staff, administrators, our school board, PTA's, SIC's, booster clubs, businesses, and community groups all played a role in making this happen. This is the result that can happen when many people work together for a common goal."

Also receiving "Excellent" Absolute ratings were Carvers Bay High School, Georgetown High School, Waccamaw High School, Waccamaw Middle School, Waccamaw Intermediate School, and Waccamaw Elementary School. Carvers Bay High, Georgetown High, Waccamaw High, Waccamaw Intermediate, and Waccamaw Elementary also received "Excellent" Growth ratings.

"Having experienced growth from 2006 through this year as we have migrated from Palmetto Achievement Challenge Test to Palmetto Assessment of State Standards, GCSD emerged as a district where hard work and professional development have worked hand-in-hand to achieve this goal," said Patti Hammel, Executive Director for Student Performance and Federal Programs. Hammel credited Professional Learning Teams as playing a major role in the district's success.

"One of the greatest tools GCSD has utilized to bring our achievement to a high level has been the establishment of Professional Learning Teams," said Hammel. "Teams of teachers continue to work together to share knowledge and expertise in curriculum and strategies that they use to teach the content. They also peruse assessments together to see how effective the strategies have been in meeting students' needs."

"The power of more than one professional working together is profound. Our students have been presented the most engaging strategies, and our student achievement has grown markedly. We are so very proud of our administrators, teachers, students, and parents for doing such wonderful work."

Dozier emphasized the Excellent/Excellent report card grades could not have been earned without a group effort. "This achievement speaks as to how Georgetown County values the importance of a good education," said Dozier. "This excellent report card was achieved by the hard work and extra efforts of a larger team of a variety of people. This grade reflects how the district did as a whole, not just one school or area. "I want to thank everyone personally who contributed to this success and we look forward to future successes and continued improvements."

■ Letter to Parent/Guardian Regarding Measles

W. Marshall Taylor Jr., Acting Director

*Promoting and protecting the health of the public and the environment*

February 27, 2015

Dear Parent/Guardian,

By now you have likely heard about the measles outbreak associated with travel to Disneyland in California. The Centers for Disease Control and Prevention is reporting 154 cases so far this year in multiple states, most of them stemming from the Disneyland outbreak that began in late December 2014. The vast majority of these cases occurred among people who had not been vaccinated.

Here in South Carolina, we are fortunate that no cases of measles have been reported to the S.C. Department of Health and Environmental Control (DHEC) since 1999. DHEC will continue to monitor the national outbreak and keep you updated on the situation. You can visit [www.scdhec.gov/measles](http://www.scdhec.gov/measles) to get continuous updates on measles and learn more about what we are doing here in South Carolina to stay ahead of the situation.

Measles is transmitted by contact with an infected person through coughing and sneezing. The measles virus may also remain infectious for up to two hours in the airspace after an infected person leaves an enclosed area. Severe complications can occur with measles, including pneumonia, encephalitis, and even death.

**The Measles, Mumps and Rubella (MMR) vaccine is the best way to protect your child and your family from measles and prevent potential outbreaks.** The MMR vaccine is recommended for all infants at 12 months of age and is a requirement to attend day care or school in South Carolina. We encourage you to talk to your healthcare provider if your child has not yet received the vaccine.

Sincerely,

Linda J. Bell, M.D.  
State Epidemiologist

▪ **Yearbook Announcements from Mrs. K. Anderson**

If you are interested in purchasing a yearbook this year, the cost for faculty and staff is \$47.70 (\$45.00 plus tax). If you are interested in purchasing one, please let me or one of the staff members know as soon as possible.

Also, since the theme and our opening layout require a zillion pictures, students will be wandering around with cameras. If one or more of them are disrupting your room with a camera, please let me know. I also may be "bothering" you to get pictures. I try to slip in and out as quickly and quietly as possible.

Once again, students will not be permitted to leave campus to sell ads other than our scheduled "Ad Field trip days." Those will take place during 2nd block only, and they should never miss your class for yearbook business.

Thanks once again for your cooperation and support. Last year's book was well-received and we managed to get 75% of the student body in the book a minimum of 3 times. All of the seniors were in the yearbook 3 times and all but 5 juniors.

This year our goal will be 80% and we will include more sophomores and freshmen. If you have any questions, problems, concerns, and/or ideas for the book, please let me know.

Also, if you sponsor a club or coach a sport, please send me schedules, meeting dates, members, etc. when you have them so we can get pictures and coverage. I will send out a reminder of this once school starts and we are establishing our meeting dates.

## **High Schools That Work**

An effort-based school improvement initiative founded on the conviction that most students can master rigorous academic and career/technical studies if school leaders and teachers create an environment that motivates students to make the effort to succeed.

**GOALS:**

- ~Getting 85 percent of students to meet reading, mathematics and science goals.
- ~Teaching students the essential content of the college-preparatory academic core and a career or academic concentration.

## **Professional Teaching and Learning Cycle**

A six step process designed to deepen the professional collaboration among staff as they engage in ongoing, job-embedded professional learning teams. Also, to develop initial skills in designing structures and procedures for ongoing, job-embedded, and data-driven professional learning teams that focus on the alignment of curriculum, instruction, and assessment.

**GOAL:**

- ~Learn the best approach for working systemically to improve student achievement in reading and mathematics in high challenge schools.

# Graduation and Career Planning

## **The Individual Graduation Plan (IGP)**

Studies of how young people make educational and career decisions reveal that parents are the #1 influence on their child's career planning. By the 8<sup>th</sup> grade, all students in South Carolina with the help of their parents and school counselors will be thinking about careers and writing high school academic plans in an Individual Graduation Plan (IGP). The IGP is designed to guide students through career exploration, postsecondary preparation, and workforce transition.

Finding a successful and satisfying career without proper planning can be difficult. South Carolina students begin the Individual Graduation Plan process to answer the question "What do you want to be when you grow up?" by choosing a field of study or profession they are interested in, then developing a plan to guide their high school coursework. The Individual Graduation Plan will be each student's roadmap for achieving his or her career goals—be it technical skill training, college, the military or joining the workforce.

An IGP includes general graduation requirements, out-of-classroom learning opportunities and electives based on each student's chosen field of interest, or cluster of study. South Carolina offers 16 clusters of study based on a national model. Each career cluster is a grouping of related real-world professions. For example, a student interested in being a police officer would select the "Law, Public Safety, Corrections and Security" cluster.

Prior to choosing a career cluster, students will complete career exploration and assessment activities to help them pick their areas of interest. Once they choose a career cluster, students will develop their IGPs with the help of school counselors and parents or parental designees. Students, counselors and parents will monitor what the student has done and still needs to do to meet his or her IGP and will meet annually to discuss and adjust the IGP or change clusters.

IGPs are one of several new Personal Pathways to Success components designed to connect academic studies with preparation for entering the workforce. While 85% of jobs today require some post-high school education, not all require a four-year degree. Parents and students can use informative resources to explore all options and make an informed decision, including college financial assistance options.

Created by the Education and Economic Development Act (EEDA) in 2005, Personal Pathways to Success enables students to explore and prepare for career opportunities through a more relevant curriculum and first-hand experience - connecting academic studies with preparation for entering the workforce through planning and exploring various career options. All levels of S.C. public education participate in the Personal Pathways to Success initiative.
