6<sup>th</sup> Grade Math - Room 613

### **Objectives**

All students will be able to:

1. Identify and apply math in everyday experiences.
2. Use problem solving strategies that incorporate understanding the problem, making a problem solving plan, carrying out the plan using variety of strategies, and evaluating the solution for reasonableness.
3. Increase knowledge and use of mathematical terms.
4. Validate their conclusions using mathematical properties and relationships.
5. Discover mathematics through hands-on activities, the use of manipulatives, and technology.

### **Grades**

Tests/Projects	40%	90 through 100	A
Quizzes	30%	80 through 89	B
Classwork	25%	70 through 79	C
Homework	5%	60 through 69	D

### **6<sup>th</sup> Grade Classroom Expectations**

- Students are expected to be prepared for class.
- Students are responsible for completing all classwork and homework assignments.
- Students must be respectful at all times.
- Students are expected to create and follow a classroom social contract; which allows an optimal classroom learning experience.

### **6<sup>th</sup> Grade Consequences**

1<sup>st</sup> Offense: Verbal Warning

2<sup>nd</sup> Offense: Teacher/Student Conference and/or Parent Notification

3<sup>rd</sup> Offense: Teacher Detention and/or Parent Notification

4<sup>th</sup> Offense: Discussion/Referral to Administrator and/or Parent Conference

### **6<sup>th</sup> Grade Parent Conference/Meeting**

Conference/meeting time is available from 1:15pm-1:45pm. Please contact teacher to schedule.

### **Absences**

Students are allowed to turn in make-up work as a result of absences. However, it is the student's responsibility to get all make-up assignments and/or make-up work, and turn it in.
