From the Principals' Office . . .

We have just completed our PASS Writing test and we are confident our students did their best work. Teachers will continue to prepare them for our May PASS test in the coming weeks. Please be sure your

students are doing their homework which may include studying the content in their science and social studies books. Remember we have rescheduled our Science Fair for April 16 so now is the time to be working on

these projects. We also tell our students to read at least 20 minutes each evening. Keep up the good work!

What's happening at our school?
