Mrs. Pressley

Thank you for a fantastic school year and allowing me to be a part of your child's success this year. I am so proud of how much your little ones have grown. I hope all of you enjoy your summer. Please remember it is important to continue to work on skills at home to ensure success.

The Child Development Class of Mrs. Oliver and Ms. Thomas has been finishing up our last unit on super plants and animals. It has been a blast learning about different habitats and the plant and animal life that exists in each one!

Have a great summer!!

Mrs. Maring & Mrs. Stecz's Class News

In Child Development we have been exploring the properties of water. We also discussed the different types of water as well as the creatures that live in those waters. Did you know that the blue whale is the largest creature on the planet! Come down to visit us and explore with us! We hope everyone has a great time exploring the properties of water during our summer break! Have a wonderful summer. See you next year!

Kindergarten News

The Kindergarten team says thank you for a great year that was filled with excitement, fun, challenges and lots of learning. It is hard to believe, but this school term has come to an end. Many thanks to you the parents for entrusting your precious children with us. We will cherish the memories of each and every one of the personalities that we had an opportunity to embrace. Read some good books this summer!

**"The more that you read, the more things you will know.
The more that you learn, the more places you'll go."**

~ Dr. Seuss

Dear First Graders: Congratulations! You did it! You completed an awesome year in first grade and are ready for second grade. We've had a year of hurricanes; grandparent's day; trips to Thompson's Farms, landfill, and Brookgreen; visits from the fireman and United Way workers, celebrated birthdays and holidays; read together and laughed together. Summer break is meant for fun and relaxation, but it is, also, important to take time to review and practice what you learned in first grade. For that reason, you have received your summer booklet. Complete this booklet and have it ready to turn in to your second grade teacher. Please remember to continue to read 20 minutes a day. You are a group of compassionate, thoughtful and intelligent students and we have loved being your teachers! The First Grade Team

It's been a successful 2016-2017 school year. We've enjoyed getting these second graders ready for the third grade. Make sure to read, write and have fun this summer. Thank you to all the parents for such awesome support this school year. Happy Summer Break~ **Second Grade Teachers**

ART LINES

As the 2016-17 year comes to a close I'd like to recognize the following students who have artwork that has been selected to be framed and hung in the Principal's Gallery: Taeligha Collins (1st grade - Kitowicz), Gabriella Toma (2nd-Brown), Hampton Eirvin (3rd-McCurry), Jack Hopkins (3rd-Dozier), and Jackson Church (3rd-Smith). Congratulations for your hard work.

This has been a wonderful school year! I hope all of you have a marvelous summer and I'll look forward to seeing our rising K - 3rd grade in the Fall. Best of luck to our 3rd graders as they move on to the Intermediate School. We will miss you!!

Final B.E.A.C.H. report...

The end of the school year is wonderful and exciting for many reasons, but one of my favorite things about it is hearing students' thoughts about their learning! I asked second graders to create an analogy about their Brain Boosters experience before awarding their "graduation" certificates. Many delightful comparisons were suggested. Here's one... "Brain Boosters is like picking a 'just right' book because you stretch your brain." Working with second graders on Mondays again this year was FUN!

Third grade students reflected on how much they learned about Awesome Algebra over the course of the year by comparing pre and post unit test scores. I am very proud of the progress everyone made in sharing their mathematical thinking strategies through discussion, writing and video recordings.

Celebrate your successes and recharge this summer for another great year of learning!!
