### Mrs. Pressley's Class News

Our Unit this month is about Friends/Family. We are reading stories and learning about what makes up a family, because all families are different. The students will also be creating projects and learning about letters and numbers throughout the month. Remember, it is important for children to practice early learning skills at home. Remember to help your child by reading to them, count objects with them, and encourage learning through play.

### The Class of Mrs. Oliver and Ms. Thomas

Our Child Development class is studying all about our bodies, friends, and family members. We are going to do some fingerprint art and talk about our skin along with some skin riddles!! Also, self portraits are probably going to show up on our walls in the near future!!

### Mrs. Maring's Class News

In Child Development we have started our unit on family. We are creating self-portraits that will be on display outside our classroom. We are becoming very artistic! In math, we have been busy exploring circles, triangles, squares, rectangles and more. Come down to visit us in child development and take a glance at our shape people!

### BOX TOPS

Thank you to the following students that contributed box tops during the month of August. Each student received a personalized sticker and their box tops will also contribute to their class total for the combined August/September class winner.

## Mobile Menu App

We are pleased to announce a new Mobile Menu App that offers an easy way to view menus and nutrient information for products right from your smart phone.

The new "Web Menus" mobile App includes:

- \*Interactive Nutritional Menus
  - Daily menus
  - Menu item nutrient information
  - Menu item description
  - Menu item photos
  - Menu item allergens
- \*PDF Documents
- \*Link to Online Payment Provider
- \*Link to Nutrition Services website
- \*Info section "All About School Lunch"

This is just one more step we are making in an effort to continually improve the quality of the menus we offer our students and raise the bar on the standards of our school meals. Our focus is on enhancing the diet of students with more nutritious choices here at school and by providing nutrition education that will help students form healthy habits that last a lifetime!

Key nutritional improvements that we have made include offering a variety of more fruits, vegetables, whole grains, and fat-free and low-fat fluid milk with our meals. We are also reducing in the levels of sodium, saturated fat and have eliminated added trans fat. We do not supersize our meals, but instead strive to meet the nutrition needs of students within their age specific calorie requirements.

**The School Nutrition & Fitness Mobile "Web Menu" App is available in the App Stores!**
