August 22, 2016

Dear Parents or Guardians:

My name is Miss Allyson Hossa and I will be teaching your student Family and Consumer Sciences 1.

I am very excited about this course and the opportunity to teach it. I hope your student is also excited about this course. I truly believe that each student can and will succeed in this class.

In Family and Consumer Sciences 1 we will focus on preparing your student for the basic skills needed in life. We will look at understanding yourself as a person, families, children, consumer decisions, healthy living, meal planning, and preparing meals. We will finish off the semester with a career exploration unit if time permits.

Attached are the syllabus, class policies/rules, and expectations for this class. Please go over these with your student and make sure that he/she understands the course syllabus and is aware of the class rules. The following page is an information and agreement form that needs to be signed and returned. Please return this by Friday, August 26, 2016.

Progress reports will handed out every other or as needed. These will need to be signed and returned back the following week for participation points. Please be on the lookout for these. An e-mail will be sent on the day they are passed out in class.

If you ever have any questions or concerns, please feel free to contact me. My planning period is from 11:47-1:10 and from 2:06 to 3:05. You can also e-mail me at ahossa@gcsd.k12.sc.us.

Please make sure that you and your student sign up for Remind. The class code can be found on the course syllabus. An additional instruction sheet is also attached.

I look forward to having your child in my class!

Sincerely,

Miss Hossa

Achievement Beyond Comprehension

The mission of Waccamaw High School is to provide a safe, nurturing environment that prepares students to function productively in a diverse, democratic and technological society.
