A SEASON OF THANKS!

WHS Community,

As I walk the halls of our outstanding high school, I see daily in the eyes of our students the hopes, dreams, and plans that they have for their future. What an opportunity we have as educators and parents to change the course of generations to come by being involved in the lives of our children. As we enter into the holiday season and Thanksgiving is fast approaching, we all, including myself, need to take some time out of our busy schedules and spend more of that quality time with our kids. The teenage years are one of the most important and tumultuous times in your child's life. Don't let the last few opportunities you have to shape your child's life and future slip away.

With Thanksgiving squarely in sight, I would like to take this opportunity to thank all of our parents, community members, faculty, staff, and students, for a great first nine weeks. Our students have done extraordinarily well and as always exhibit Warrior pride in all their endeavors. We truly have so much to be thankful for as a school and community. Our boys' swim team finished in the top five in the state with five Warriors winning state championships this fall while our girls' cross country team won the Class AA state championship with Amelia Jones earning her third straight individual title and our boys' cross country team finished state-runner up. Additionally, our competitive cheerleaders are currently Lower State Champions and competing for a state title this weekend while our speech and debate team continues to bring home weekly state-wide honors. Finally, our excellent chorus just placed three students on the All-state chorus and our high school just earned its twelfth consecutive outstanding state report card, continuing a tradition of excellence spanning more than a decade. Let's keep working hard to maintain the high level of excellence academically, athletically, and in the arts that has made Waccamaw High School known throughout the state.

I hope you have a blessed Thanksgiving, with time spent relaxing and enjoying your family and friends. I look forward to seeing you at the high school very soon!

Sincerely,
David M. Hammel, Ed. D.
Principal

Paris Under Attack

Article by Rachel Bailey; picture provided by google images

On Friday, November 13th, the City Of Lights fell into a dark and horrific night. Paris was the victim of terrorist attacks in seven different public locations. The first explosion occurred outside the Stade de France during France and Germany's soccer game, and moments later, a second explosion went off inside the stadium. Almost simultaneously, two restaurants were under fire by terrorists with assault rifles. The fourth location, a bar called A La Bonne Biere, endured another shooting, and attackers also shot at customers eating outside La Belle Equipe. A suicide bomber blew himself up inside the restaurant Comptoir Voltaire, with similar explosives to the

terrorists at the stadium. The final location was a concert at the Bataclan, where three armed attackers opened fire. During this horrible night of unjustified terror attacks, a total of 129 innocents were killed and 352 were injured. Countries throughout the world expressed France's national colors on their monuments to show their support and condolences. Three coordinated teams of terrorists appear to have been behind the execution of this attack, and the Islamic State has claimed responsibility in an official statement. In retaliation, on Sunday, November 15th, France launched a massive airstrike against ISIS in Syria. At least one of the terrorists is confirmed to have entered Europe disguised as a Syrian refugee, causing immense concern for the safety and security of nations that are accepting these refugees by the tens of thousands. President Obama claimed that the United States would still accept their original goal of 10,000, however, so far at least 30 states have ruled not to accept these people. After the Paris attacks, much of the world is left in fear, not knowing where ISIS will strike next. However, the citizens of Paris have not lost hope.

On Saturday, November 4th, the Waccamaw Marching Band hosted their 2nd annual 5k Zombie OutRun. Students of the marching band dressed up as members of the undead. The zombies' goal were to capture the flags of running survivors and to scare them off the course. Many survivors tried to out run the walking dead, but some failed and turned into zombies. The first alive, or first to finish the race alive was a tie between Bennett Stover and Aubrey Gauthier, the second alive was a tie between Sean Kelley and Andrew Hansen, and the first dead/infected was Ross Medure. The 5k fundraiser was a great turnout with many participants and was supported by local sponsors. Way to go Zombie Warriors!

Advanced Placement Firing Squad

Article by Zach Trzop

On Friday, November 13th, AP Physics classes ventured outside to test their knowledge on Projectile Motion by firing water balloons at their teacher, Mrs. Bray.

The young physicists were taken out to the football field with roughly a dozen water balloons, launchers, various measuring devices, and what they know about Projectile Motion. Projectile Motion, summed up, is the measurements that consist of throwing/launching an object. Students stood in their teams 80-90 feet from Mrs. Bray. Two students held the launcher while one was pulling back and angling the launcher. The remaining team members took measurements of how far the launcher was pulled, the angle of the launcher, the airtime of a water balloon, and taking an estimation of a water balloon's distance that it was launched. The students got to enjoy applying what they've learned to real life, along with the extra satisfaction of getting bonus points, and no repercussions, for hitting and soaking Mrs. Bray.

On Friday, November 13th, Waccamaw High School held its annual Career and College Fair in the gymnasium; all students were invited to attend. The fair gave students the opportunity to scope out possible career options for their future and learn about the education requirements and skills needed for each of them. There was a large variety of different tables set up to help appeal to the students. The students enjoyed the fair and walked away with a better understanding of the work force and ideas of what to do with their future. Thank you to all the representatives who helped support the Career and College Fair, and to the guidance department for organizing the fair.

Journalism in Orlando

Article by Sophia Flory, pictures courtesy of Yearbook and Newsletter staff

Last week, November 12-15th, members of both Yearbook and Newsletter staff went to the National Journalism Convention in Orlando, Florida. On Thursday, the staff took a trip to Universal Studios for a day of fun-filled activities. Friday and Saturday, the staff split into different group sessions and attended workshops to get new ideas on their publications and to learn more about how to critique their yearbook and newsletter. Throughout the convention, many publication corporations and colleges set up booths to entice journalism students. The staff ended their trip with a night out on the town in Downtown Disney.

The Yearbook and the Newsletter staff are excited to implement their new ideas. Everyone had a great time and are ready to go back again. Thank you to Mrs. Kelly, Mrs. Chadwell, and Mrs. Humowitz for attending the trip with the students.

Waccamaw Sailing Team Finds Silver in Raleigh

Article and pictures by Mr. Mike Benton

Temperatures are beginning to drop but not the spirit of the Waccamaw sailors. Last weekend the team traveled to Mooresville, NC, a suburb of Raleigh, to compete in the SAISA Lake Crabtree Open Regatta. Four sailors made the journey, sophomore Noah Benton as A Fleet Skipper, eighth grader Ella Smith as A Fleet Crew, sophomore Noah Giltmier as B Fleet Skipper, and sophomore Anna Sandor as B Fleet crew, along with Coach Bob Turner. The morning temps were in the low 40's but quickly warmed up to the low to upper 50's to low 60's. Not good sailing weather you say, on the contrary. It was a fantastic day, the sun peaked out and the ten high school teams from North Carolina, South Carolina, and Tennessee hit the water a little after 11:00 on Saturday.

The winds on Saturday to start the races were a steady 10 knots with gusts to around 15 knots. By mid-afternoon, the winds became a little more unpredictable with wind shifts of up to 30 degrees at times with wind speeds dropping to the 3-5 knot range and then back up to the 10-12 knot range. The sailors had to depend on their skill, knowledge, and experience to keep up with the changing conditions on the water. Coach Bob, after every race, would debrief our sailors coming off the water, and let the next crew heading

Noah Giltmier and Anna Sandor at a debrief with Coach Turner

out know the conditions they would likely expect.

We haven't discussed this, but so everyone understands, each fleet races two races and then returns to the dock to rotate boats and crew. First A Fleet races, then B Fleet and so on until racing is complete for the day.

With the completion of 16 races, 8 for A Fleet, and 8 for B Fleet, the Warriors found themselves with an overall total of 66 points for the day. The A Fleet total was 36 points, and the B Fleet total was 30 points. This would place them in second place overall. The team made

it to the podium for the second time this year. Go Warriors!!!! Skipper Noah Giltmier and crew Anna Sandor were also recognized on the podium with the second place trophy for B Fleet. Congratulations to all four of our sailors and to Coach Bob for there outstanding efforts.

Waccamaw Club Sailing with Coach Amy Rowe is continuing to have sailing practice out of Hazzard Marina in Georgetown every Tuesday afternoon at 3:30. Practice will continue until the first week in December. Please contact Coach Rowe if you are interested in joining us in the spring. Come sail on the Sampit and Georgetown Harbor. If you have any questions about the program please contact Coach Amy Rowe at (423)653-1564.
