CHAMPIONS!**

On Monday and Tuesday, May 16<sup>th</sup>-17<sup>th</sup>, the boys' golf team played 15 other teams for the Class 2A State Championship at True Blue Golf Club in

Pawleys Island, a par-72 golf course. The WHS team of Patrick Golden, Will Canipe, Trey Salley, Jackson Cole, and Chris Kaylor had an outstanding two days of tournament play. The team's goal this season was to win the championship, and they did. What was not anticipated was breaking the lowest team score in Class AA history by 7 shots, and having a player break the record for the lowest 36-hole individual score in the South Carolina High School League by 5 shots. However, the Waccamaw boys' golf team did both. Despite strong winds on Day 1 of the championship round, Waccamaw posted the best team score shooting 2-over par (290), and Golden posted the best individual score with a 67 (5-under par). It was a great day for Waccamaw. They finished the day with a 7 shot lead over the defending champs, Bishop England. On Tuesday, Waccamaw continued their great play. Even heavy rainfall near the end of the final round did not deter them.

## AP Calculus Tea Lanterns

By Karina Kostova

During the week of May 9<sup>th</sup>, Ms. Graham's AP Calculus students were assigned to assemble tea lanterns. With a partner, the students drew an original shape that would be the basis for their structure. The students located the maximum and minimum points of their shape on a graph and divid-

ed the shape into intervals to find the

equation of the curves. They cut the shape and chose 2-3 different construction paper colors to create the lantern. Then, they made a cylinder where they taped or stapled 12 of the shapes around the outside. Once they were complete, Ms. Graham displayed all of the students' lanterns by attaching them to a rope.

## The Spiny Dogfish Shark

Article courtesy of Mrs. O'Neill

Pictures by Sophia Flory

Sharks in the water might be a frightening sight, but sharks in Mrs. O'Neill's lab, not so much! Last week her Marine Biology students dissected the Spiny Dogfish shark, or *Squalus*, to be more specific. On the first day of dissection, the students evaluated the external features of the shark and discovered how much the "skin" felt smooth in one direction but like sand paper when stroked in the opposite direction. The students had to determine the gender of their shark as well. That was an easy task since male sharks have claspers, an external appendage that females do not.

During the internal dissection, the students were fascinated by the three large, oily liver lobes. They dissected the small heart and cut it in half observing the heart chambers. Some of the stomach contents were large shrimp, fish, and even worms! The larger female sharks had pups in them as well. That was a very cool sight to see. They were attached to a yolk sac for their nourishment. Some students also dissected the eye and a few students were actually able to get through the hard cartilage on the head to view the brain!

Mrs. O'Neill was proud of ALL of her students as they toughed it out, especially when the thought of touching a shark is foreign, let alone cutting one open. The odor was no picnic either but they all did a FANTASTIC JOB! #bioislife

# A SHOW FOR THE ROAD

Article by Lyric Wigfall, pictures courtesy of Mrs. Michele Giarratano

On Thursday, May 12<sup>th</sup>, the WHS Chorus held their annual spring concert; this year's theme was Friends Extraordinaire. The night started with senior Meagan Fitzgerald leading the audience in the Pledge of Allegiance, followed by singing of "The National Anthem" and The Alma Mater. The Chorus started their program singing "Sanctus" and "Gloria." These songs set the tone for the Choralaires to bring out the song, "I Love the Lord," with their senior spotlight, Lyric Wigfall. Next, the chorus performed an African piece called, "O Sifuni Mungu" as they marched through the aisles of the auditorium. The soloists for this song included Elody Bensch, Olivia Britt, Kaitlyn Harrison, and Kadajah Smalls. Every year the Chorus travel to Columbia to sing in the State Festival. Two of the songs performed in the State Festival were sung in the concert, "I Loved You," and the other performed later in the concert, "Homeward Bound." Another senior spotlight was Tyler Melis as he sang the solo portion of the song "Danny Boy." A slight break was taken as Mrs. Warr recognized the 2016 All State winners which were Sydney Windham, Chris Holmes, and Tyler Melis.

The Chorus began the second half of the concert with a beautiful song called "Lullaby." This song honored the mothers for Mother's Day, followed by the state festival piece "Homeward Bound." In "Homeward Bound," Holmes, Melis, Windham, and freshman Kaleb Pieterse were the soloists. Recognition was given to the 2016 Solo and Ensemble participants Holmes, Windham, Pieterse, Harrison, and Maddy Elliott. All received a superior rating. Another senior spotlight was held by SarahBeth McKenzie as she sang "Edelweiss" from *The Sound of Music*.

Waccamaw Choralaires, an auditioned group that started out about a year ago, showed off the hard work that they put forth after school and when venturing out into the community. They performed "Comedy Tonight", in which they had an entire dance routine to capture the attention of the audience. "Mi Inspiracion," was the next song that is a Spanish poem about ones love. "After," "To Make You Feel My Love," and "Stand By Me" were the closers for the Choralaires.

Every year there is a special segment called Passing the Torch. This is dedicated to the seniors leaving to go off into the real world. This year the chorus was composed of six seniors, Fitzgerald, Megi Gallegos, Melis, McKenzie, Smalls, and Wigfall. The

seniors were given gifts and medallions if they had participated for four years. Mrs. Warr read out some heartfelt comments as some of the underclassmen gave them their surprises. After all the emotions were lifted, underclassmen Bensch and Elliott sang "You've Got a Friend in Me" from the movie *Toy Story*.

In the concert finale, Holmes sang a solo as the entire chorus sang, "You'll Never Walk Alone," "Climb Every Mountain," and "I'll Be Seeing You."

These songs were a great way to send off the seniors and to the two other students, Zach Shaver and Vitor Silva, as they venture out into different areas.

The Chorus would like to thank the Booster Club for making everything happen, the technical crew, business supporters, parents, teachers, administrators, and everyone that came out and supported the chorus and helped to make it a special night.

## CAREER AND TECHNOLOGY EDUCATION COMPLETERS

On Monday, May 16<sup>th</sup>, high school students in the Georgetown County School District who completed their program of study through Career and Technology Education (CATE) were honored at the second annual Career and Technology Education luncheon held at the J.B. Beck Administration Center. Students had to complete four courses within their program of study with one being a second level course. Two of our WHS seniors were honored at this luncheon. Katie Talbert completed her program of study in Health Science and Jed Parreno completed his program of study in Business Information Management. Each received a certificate for their achievement. Parreno also received a plaque for having the highest average in his program of study. Congratulations, Warriors!

## NATIONAL HONOR SOCIETY INDUCTION

By Berkley Lane

On Wednesday, May 18<sup>th</sup>, the National Honor Society induction took place. The ceremony was held in the Waccamaw auditorium and began at 6:00pm. Inductees were recognized by the 2015-2016 officers and given a certificate. To qualify for induction, a student must be a sophomore or older, have a 4.5 GPA, as well as maintain a clean disciplinary record. Once invited to join, students must keep the requirements as well as gaining eight service credit points during the school year. National Honor Society completes numerous school and community service events yearly. The 2015-2016 officers were Chris Kaylor (President), Kinsey Besser (Vice-President), Berkley Lane (Secretary), and Jordan Brown (Media Relations). The incoming officers include Logan Brown (President), Celie Anderson (Vice President), Sophie Bennani (Secretary), and Matthew Maxiner (Media Relations). Congratulations to all inductees!

## Student Teacher Cadets Return

By Rachel Bailey

The teacher cadets just couldn't stay away from the kids at Waccamaw Elementary School (WES) for long. Last Friday, seven of Mrs. Humowitz's cadets volunteered at the elementary school's field day. The high school students were in charge of three stations of face painting and fake tattoos in partnership with Mrs. Cromley. In addition, many cadets were able to see their former teachers and students. The teacher cadets absolutely loved being a part of this fun filled day for WES students!

## C. B. Dodson Awards

The C.B. Dodson Academic Excellence Awards Ceremony was held on Thursday, May 19<sup>th</sup>, at Georgetown High School. Each school in the district chose three students to receive the Most Improved Award, Principal's Award, and C.B. Dodson Superintendent Leadership Award.

**The Most Improved Award** was given to the student who demonstrated the greatest level of academic improvement over the course of the year. This year's recipient was Darnell Dadd.

**The Principal's Award** was given to the most well-rounded student. This year's recipient was Christine Humowitz.

**The C.B. Dodson Superintendent Leadership Award** was given to the student who exhibited the strongest leadership characteristics. This year's recipient was Berkley Lane.

In addition to these accolades, the two students with the highest averages in each grade received the **C.B. Dodson Academic Excellence Award**. The honored students from Waccamaw High School included:

**Freshmen:** Lena Gammel and Jared McCabe

**Sophomores:** Spencer Kemp and Emma Gaskins

**Juniors:** Juliette Gammel and Celie Anderson

**Seniors:** Chris Kaylor and Bennett Meares

Congratulations to all honored students!

## Boys' Golf Team Sets New Records

Continued from pg. 1

Information provided by Coach Daily; picture courtesy of coastalobserver.com

Patrick Golden

The team shot 3-over par (291) in the final round with a team score of 581, 15 shots ahead of Bishop England. Golden surpassed his first day score of 67 finishing the final round with a 64 (8-under par). His two-day score of 131 broke the all-time scoring record in the state of South Carolina by 5 shots. Bill Haas, PGA tournament player, broke the record in 2000 and Trevor Muffley tied Haas' record in 2005.

Canipe finished in third place with rounds of 73-73, and Cole finished tied for tenth with rounds of 75-76. Golden, Canipe, and Cole were all named to the all-state team. Salley narrowly missed out on all-state after rounds of 75-78 and Kaylor rounded out the scoring for Waccamaw with rounds of 81-78. Coach Daily stated, "This is an impressive collection of boys that have a very bright future ahead of them. It's been a pleasure to coach them the past several years." Congratulations to the team, to Patrick Golden, and to Coach Daily on an awesome season!

The last state championship for the WHS boys' golf program was in 2009. Prior to this week, Aynor held the record for the lowest team score at 588 and Bill Haas (PGA tournament player) and Trevor Muffley held the record for the lowest 36-hole individual record at 136.

Way to go, Warriors!

History was made this weekend as the Waccamaw track and field team traveled to Spring Valley High School to compete in the state championship meet. The Warriors won big, bringing home a silver medal for the boys and a gold medal for the girls. Before Saturday, the girls track team had never won a state championship, but this changed as the team pulled out a score of 69, two points higher than the second place team, to take home the AA state title. This is especially historic for the Warriors because this is the first year that both the girls cross country and track teams have won state championships in the same year. In the first event of the day, the Warriors were off to a great start, with the 4x800 relay team of Amelia Jones, Briley Arnold, Mary Butler DeSpain, and Samantha Kelly winning first place. Following this, the athletes kept the pedal down with sophomore Briley Arnold winning the 100m hurdles with a time of 16.16 seconds. Arnold was not favored to win this race, but by finishing in first, she brought in major points for the team. She continued her winning streak by finishing first in the 400m hurdles with a time of 1:04.68. Arnold now has eight state titles to her name, and has the potential to win many more with the Warriors. Another outstanding athlete for Waccamaw, Jones, had a great day, adding two individual state titles to her name. With her victory in the 4x800m relay and the 3200m, Jones finished her career at Waccamaw with a whopping nine state titles. The 4x400m relay team of Brianna Brooks, Mary Katherine Kelly, Tyaisha Edwards, and Briley Arnold also brought in points for the Warriors with their sixth place finish. DeSpain finished second in the 800m and seventh in the 1600m, Jones fourth in the 1600m, Edwards fourth in the 400m and sixth in the 100m, and Jamisa Lewis sixth in the shot put, all adding up to the victory for Waccamaw. Way to go, ladies!

Finishing runner-up in the AA division, the boys had a huge day as well. The team only qualified for five events, but was able to win big individually in order to bring points to the team. Sophomore Jackson Junkins added two state championships to his name as he won the 200m and 400m, finishing five hundredths of a second behind the state record in the 200m and less than a second behind the state record in the 400m. Junkins also competed in the pole vault, finishing third overall and adding six points to the team's total score. The 4x400m relay team of Jakeem Armstrong, Alani Scott,

Darnell Dadd, and Junkins finished second and the 4x800 relay team of Jeremy Green, Matt MacLeod, Perrin Jones, and William Daniels brought in points as well, finishing in fifth place, rounding out the team score to a total of 38 points, putting them in second place in AA. Go Warriors! All of these victories would not have been possible without the help of the coaches: Head Coach Bill Peterman, Brian White, Eric Sparkman, Tracy Knox, Bob Siemeda, and Elliott Haynie. Congratulations, coaches and athletes!

# STEM Education Aerospace Camp

## Waccamaw Elementary

### SPACE EXPLORATION:

Monday – Thursday, July 11 – 14, 2016  
9:00am – 12:00pm

This class is for students completing 5<sup>th</sup> - 8<sup>th</sup> grades. Students will learn about where America is going next, including the International Space Station, the moon, near Earth Asteroids and Mars. Students will investigate and experiment with scientific principles relating to space exploration. They will interact with an educational specialist from the Johnson Space Center. Emphasis will be on critical thinking, problem solving, and deductive reasoning skills. Cost: \$100 which includes tuition and all rocket materials.

### SPACE CITIES:

Monday – Thursday, July 11 – 14, 2016  
12:30pm – 4:30pm

This class is designed for students completing 2<sup>nd</sup> - 4<sup>th</sup> grades. Students will learn about living and working in Space, where astronauts sleep, how they eat, exercise, and spend their free time. They will design and build space stations in cooperative groups using recycled materials and participate in activities involving EVA assimilations, hands-on science experiments dealing with gravity, space mud and astronaut foods. Students will develop their imagination and creativity skills. They will learn about contributions NASA has made to improve the quality of life on earth. Students are welcome to repeat this class as many times as they like creating new space stations each year. Cost: \$100 which includes tuition and all materials.

### The Instructors:

The teaching team will be composed of Connie Richardson Smith, an educator/consultant/Morningside College adjunct instructor. Co-teaching is Mary Richardson Tester, who teaches high school special education at Waccamaw High and Ben Tester, who teaches 7<sup>th</sup> grade science at Waccamaw Middle. Connie and Mary have successfully taught this aerospace science camp for many years adding new features each year. Both teachers have completed graduate work at the University of Iowa in Science Education through the Iowa Chautauqua Program. They have completed teacher training at the Johnson Space Center through the Space Exploration Educators Conference and Mary attended MoonKam training in Las Vegas through the Sally Ride Science Institute. Connie attended the International Space Station conference in Boston last summer sponsored by the American Astronautical Society. This summer we are fortunate to have Ben join the team to co-teach the Space Exploration Class. He is a recent graduate of the College of Charleston and a former student of Space Camp.

Registration is on a first come, first serve basis. Program materials will be emailed to participants upon registration prior to the beginning of class. You will be notified if you are not accepted. For more information, contact Mary Tester at 843-602-6447 or email her at [mtester@gcsd.k12.sc.us](mailto:mtester@gcsd.k12.sc.us). Partial scholarships are available for students with financial needs. Contact Mrs. Tester to apply for them.

The registration fee is nonrefundable. A \$5 discount will be given to all participants who register by May 31, 2016.

To register, go to Waccamaw High's website (<http://www.whs.gcsd.k12.sc.us>) and click on the link "STEM Education Aerospace Camp" under Latest News. Print the registration form, fill it out, and send it to Mrs. Tester along with your registration fee. The address is:
