Core Bites #31-45  
Monday, October 22**

**Basic Division Facts Quiz  
Tuesday, October 23**

**One-Digit Division Test  
Wednesday, October 24**

**Science:** Students are going to be analyzing and interpret data to describe the motion of an object. They will be applying motion, direction, data collection, and graphing in the *Time to Move It More!* Lab.

## **Notes and Reminders:**

- 10/18 End of First Nine Weeks
- 10/25 Report Cards Issued
- 10/26 Nine Weeks Awards at 2:15

**ELA:** We have started book clubs in reading this week! We are still reading in our mentor text, *Home of the Brave*. Students are given comprehension question sets to follow our reading in *Home of the Brave*. These questions are graded and will be used to form major tests. Students are given limited time in class to answer these questions. If not finished in class, they need to be completed for homework. Students will need a novel every day of class. Students are learning strategies to write a narrative. Last week, students started rotating Spelling and Daily Grammar. This week students are working on Spelling List #3. Next week will be Grammar Week #2.

**Spelling Test – Friday, October 12<sup>th</sup>**

**Social Studies:** This week we are reviewing Lessons 1 and 2 of the Westward Expansion. Lesson 1 was about the geographic and economic factors that influenced westward expansion, and Lesson 2 was about how technologies, federal policies, and access to natural resources affected the development of the west.

**Westward Expansion Lesson 1 & 2 Test –  
Thursday, October 11<sup>th</sup>**
