 - The last couple of meetings we broke into groups and went through the Strategic Plan. This plan is a living document that we revise each year. Changes that were purposed have been made and the document has been finalized.

- Summary Report (Report to the Parents)
 - Besides the Strategic Plan another important document that has to be completed is the school Summary Report which includes Awards and Accomplishments so far for the current school year and the end of last school year. Members in attendance were asked to look over the Awards and Accomplishments for any corrections, additions, or deletions that we need to make. One item that we needed to add was the STAR Teacher Award that one of our teachers received.
