Dear Parents/Guardians:

Bristol Tennessee City Schools is offering R.A.C.E. Camp open to any student in grades Kindergarten through 12 during optional student days. The program will be held in your child’s home school and will focus on giving students extra time to read ahead, advance study skills, catch-up on missing work or failing grades, and extend their learning by preparing for upcoming assignments. School support staff will be conducting all programming while teachers are participating in continuing professional learning. Teachers will provide instructional resources to support staff. Please see the information below for program dates and times. If your child is recommended by his/her teacher, it is strongly suggested that they attend to receive additional academic assistance and support.
