Bio:

I was born and raised in Coffee County. I am married to Ben, and I have three wonderful boys. We have a very overactive Welsh terrier named Lucy. In my free time I love watching and coaching my boys in various sports. I am a HUGE sports fan. I played college basketball so of course I love basketball. My family enjoys going to TN Titans games and when possible, UT Vol's games. Some of my hobbies are reading, watching movies, traveling anywhere, and participating in half marathons. I did my first full marathon in April 2012, and I survived! We LOVE to vacation in Florida. The beach has to be the most relaxing place on EARTH. Besides my family, being a teacher/librarian has been and will continue to be a very rewarding aspect of my life.
