

October 1, 2013

Seniors, you need to apply to the colleges and technical schools of your choice ASAP. Scholarship and admission deadlines are fast approaching, some as early as November 1. Please visit the college/technical schools' websites for more information and application instructions. Apply for all schools you are interested in. Also please remember to frequently check the counseling department website for more information on scholarships and deadlines.

If you need any assistance with your application(s), please stop by the counseling office. Also, during the parent/teacher conference on October 8, 2013, Mrs. Myrick and Mrs. Painter will be set up in the library to assist students with college applications. Most colleges require an admission fee and if you want to pay that night, you will need to bring a credit or debit card.
