

Positive Negative Space

Student's Name:

Today's Date:

Art Period:

Student's Grade Level: 9th 10th 11th 12th

Points	Score
10	

Directions: You can use markers, paint, crayons or construction paper.

In the first space create a negative image with a positive background.

In the second space create the opposite with a positive image and a negative background.

** Suggestion: use a pencil to draw it out before adding color.

Try to come up with your own unique image and background or you can modify one of the one above.
